PRICE FIVE CENTS

RUMORS OF BIG TROOP MOVEMENTS IN GERMANY

Canada Urged To Enter Short-wave Broadcast Field

Radio Committee Recommends Government Build High Power Station

Review of Fees Also Advocated

OTTAWA (CP)—Early establishment of a highpower, short-wave broadcasting station by the Canadian Broadcasting Corporation is suggested in the report of the radio committee submitted to the House of Commons this afternoon by its chairman, Arthur Beaubien, Liberal, Provencher, Man.

The committee recommends that the incidence of the application of the radio licence fee, recently raised from \$2 to \$2.50, should be carefully reviewed in the light of this year's experience with a view to effecting a reduction.

It is understood a majority of the members had in view particularly the provision that calls for the payment of the fee on each additional receiving set a licensee possesses. Some reduction might be made in this connection.

A short wave station, the committee believed, would have value in interpreting and advertising Canada abroad. It is recommended it should be financed as a national project, operated and controlled by the Canadian Broadcasting Corporation.

MEMBER WITHDRAWS

The report was signed by all members of the committee who took part in the final discussions, Hon. J. Earl Lawson, Conservative, South York, Ont., withdrew from the committee when he objected to a majority decision to call no witnesses other than officials of the corporation and members of the board of governors. Consequently he took no part in drafting the report and did not sign it. He wanted outside witnesses heard.

The report generally approves the policies followed by the corporation, its business administration and the corporation set-up which makes the board of governors responsible for policy and the management responsible for administration.

The committee held seven meetings.

Tourist Fishing License Higher

Governments No Longer Recognize Each Other's Permits

Tourist, or other nonresidents, who want to fish in both the sea and streams of British Columbia this year will have to pay a \$10 license fee instead of \$5, as in the last two years.

The provincial game department announced today its reciprocal arrangement with the Dominion authorities on fishing licenses had been canceled.

For years the province, which controls nontidal fishing, and the Dominion, which controls tidal fishing, have recognized each other's licenses. Up to two years ago the fee to a nonresident was \$10 for each license. It was then dropped to \$5, and one license served both purposes.

Game wardens have now been notified that the province will not recognize a Dominion license.

The sudden change threw the government's Bureau of Provincial Fisheries into a quandary. It has already mailed out thousands of folders in anticipation of the tourist season, announcing the joint \$5 license. Officials said today steps would have to be taken to correct this information.

The Victoria and Island Publicity Bureau also expressed concern over the increase, as thousands of folders have been printed and many of them circulated, featuring fishing attractions and mentioning the license fee of \$5.

Canada's Auto Output Grows

OTTAWA (CP)—Production of automobiles in Canada during April increased 12 per cent over the previous month and 10 per cent over production in April, 1937, the Dominion Bureau of Statistics reported today. The output in April was 18,819 units, compared with 16,802 in the previous month and 17,081 in April a year ago. The output in April last included 11,820 passenger cars and 3,504 trucks made for sale in Canada.

Province Tightens Up Motor Regulations In Drive For Road Safety

In its campaign to reduce the steadily mounting toll of death and injury in British Columbia traffic accidents, the provincial government today announced more rigid control, through its motor vehicle act regulations, on the operation of cars in the province.

A list of revised regulations was made public, stressing safety features in driving and insisting on better brakes and better vision in cars.

One of the most important changes gives power to traffic officials to inspect all cars for mechanical or structural defects and order them off the road if they are considered unsafe. Previously this applied only to cars used for public hire.

Standards for brakes are increased by the new regulations. A car with four-wheel brakes must now come to a stop within 37 feet at 20 miles an hour. The distance used to be 50 feet. With two-wheel brakes the limit is 45 feet. These distances apply both to single cars and cars with trailers. Brake pressures must be equalized to prevent swerving when a car is stopped. All trailers which weigh 1,500 pounds or more with their loads must be equipped with brakes. (Turn to Page 2, Col. 1.)

Plane Wreck In California In Which Nine Lost Lives

On the shoulder of a mountain 19 miles northeast of Saugus, Calif., and only 30 miles northeast of the field at Burbank from which it took off lies the wreckage pictured above—all that remains of an \$80,000 airplane which was to have been flown to St. Paul, Minn., to be delivered to the Northwest Airlines. It crashed in a fog last Monday, but the fragments and the bodies of the nine persons killed were not found until Wednesday. An investigation is now in progress.

Japanese Mop Up After Occupying City Of Suchow

No Federal Aid For B.C. Road

Borrowing For Alaska Link Is Provincial Affair, Commons Told

OTTAWA (CP)—No consideration has been given by the federal government to expenditure of public money on a highway from the United States border through British Columbia and the Yukon to Alaska.

By Hon. T. A. Crerar, Minister of Natural Resources, made this definite statement in the House of Commons this afternoon and said all he knew of the project was what he had read in the newspapers.

It was a matter entirely for British Columbia, Mr. Crerar said, if that province wanted to borrow money and build the highway. He did not see how the federal government could intervene.

Hon. H. H. Stevens, Reconstruction, Kootenay East, asked the minister if that would be true if British Columbia borrowed the money from a foreign country.

Mr. Crerar said it would be British Columbia's exclusive responsibility, no matter where the money was borrowed.

Richard D. Waugh Of Winnipeg Dies

Former Mayor and Saar Commissioner Passes Away In 71st Year

WINNIPEG (CP)—Richard Deans Waugh, 70, British empire representative on the Saar Commission in 1920 and thrice mayor of Winnipeg, died suddenly here today.

Mr. Waugh was chief commissioner of the Manitoba liquor commission and his death came just four days after a fellow commissioner, W. J. Bulman, noted Winnipeg printer, died.

Born in Melrose, Scotland, March 23, 1868, Richard Waugh was taken to Winnipeg at the age of 13, received his education there and after a brief experience in a law office he entered real estate business in the rapidly growing city.

He served as president of the Winnipeg Real Estate Exchange, (Turn to Page 2, Col. 7.)

As Commanders Make Triumphal Entry, 350,000 Chinese Stated Trapped

Plans Laid For New Campaigns

SHANGHAI (AP)—Commanders of the Japanese army made a triumphal entry into Suchow Friday as their army mopped up Chinese forces around the strategic city.

The vital rail junction was completely occupied. The Japanese announced, and their army was closing in on 350,000 Chinese troops said to be trapped in the Suchow vicinity.

Capture of the city was strategically more important to the Japanese than their occupation of Nanking, China's capital. The fall of Suchow was the climax of a five-month campaign which was started immediately after Nanking was captured.

In the drive the Japanese suffered their first real defeat in modern times at Taiherchwang, April 6.

By ELMER W. PETERSON—Associated Press Foreign Staff Japanese Army Headquarters South of Suchow, Somewhere in Anhwei Province—The general commanding the Japanese armies which advanced from the south to the capture of strategic Suchow told this writer Friday night 40 Chinese divisions were surrounded in the Suchow area without a chance of escape.

He said most of these troops were provincial levies (which average roughly 4,000 men to a division) and were inside Japanese lines enclosing an area roughly 25 miles by 15.

Immediately after greeting a small party of correspondents (Turn to Page 2, Col. 8.)

No Move Yet On B.C.-Yukon Plan

Negotiations For Annexation Not Yet Started, Commons Is Told

OTTAWA (CP)—Negotiations have not taken place with British Columbia regarding annexation to that province of the Yukon Territory and part of the Northwest Territories, Hon. T. A. Crerar, Minister of Resources, told the House of Commons this afternoon.

He was replying to question from Rene Pelletier, Social Credit, Peace River, Alta., on estimates of the Department of Mines and Resources.

Brentwood Shore Made Into Park

By declaring the foreshore a provincial park, the government today moved to bring about some order among the scores of wharves, shacks and runways which sprinkle the popular fishing ground.

The new park area extends, roughly, from the powerhouse to the end of Moody subdivision beyond the ferry landing.

The lands department said the promiscuous squatting and illegal use of the foreshore had been a source of controversy for years.

A parks board of local residents will be appointed to administer the area and decide how it shall be cleaned up.

SUNNY DAY FOR DEWDNEY VOTE

Large Turnout Expected Before Provincial Polls Close

VANCOUVER (CP)—Farmers deserted their fields along 60 miles of the Fraser River valley today and voted in the first provincial by-election since the Pattullo Liberal government was returned to office last June.

The Dewdney riding voters, concentrated mainly along the fertile farming lands of the Fraser's north bank, trooped to the polling stations to name a successor to the Legislature seat left vacant by the death of Dr. Frank Patterson, Conservative Party leader.

The sky was clear as in 28 polling stations ballots were marked by electors whose vote—according to one cabinet member—will be an answer to the government proposal for a highway through British Columbia linking the United States with the Yukon Territory and Alaska.

WISMER SPOKE—Attorney-General Gordon Wismer told the electors the return of D. W. Strachan, Dewdney farmer and Liberal candidate, would be interpreted as an answer "yes" to the \$15,000,000 highway project.

Besides Mr. Strachan, who had the campaigning support of eight cabinet ministers, the electors had two other candidates to choose from.

Reeve W. A. Jones of Kent municipality, druggist and Conservative candidate.

Miss Mildred Osterhout of Vancouver, Bryn Mawr educated standard-bearer for the Co-operative Commonwealth Federation.

Party standing in the 48-member Legislature at present is: Liberals 31, Conservatives 7, C.C.F. 7, Independent 1, Labor 1, vacant 1.

The voters, in making their selection, had to sift the words of cabinet ministers and representatives of the two other parties de-

(Turn to Page 2, Col. 2.)

Polling Leaves Line-up Same

Sir S. Reed, Conservative, Wins British Commons By-election in Aylesbury

LONDON (AP)—The government checked the trend of unfavorable by-elections by retaining the Aylesbury division of Buckinghamshire by a margin of nearly 11,000 votes.

Results of yesterday's polling, announced today, gave the Conservative candidate, Sir Stanley Reed, 21,685; T. Atholl Robertson, Liberal, 10,751, and Reginald Groves, Labor, 7,666.

The government's majority was smaller than in the general election of 1935. Labor, which had won three successive seats from the government, increased its total by 3,000 votes at the expense of the Liberal Party.

Sir Stanley Reed, a former editor of The Times of India, campaigned on behalf of the government's foreign policy, which was attacked by the other two candidates.

The Aylesbury by-election was held to fill the vacancy caused by the resignation of M. W. Beaumont, Conservative.

No Cut In Berry Prices Foreseen

Effect of Carryover and Chinese Boycott Discounted By Head of Growers

In spite of widespread talk of a drop in prices, Victorians will probably pay about as much for their strawberries this season as last year.

The authority for this statement is Capt. E. Livesay, manager of the Saanich Fruit Growers' Association and of the grower-controlled Victoria Fruit Packing Company, which markets about 70 per cent of all the berry production of Vancouver Island in fresh as well as in processed and manufactured form.

Questioned this morning, Capt. Livesay discounted the possible effects of two factors which have been widely quoted as likely to cause a slump in berry prices.

The two factors are a large carry-over from last year, and the refusal of Chinese merchants on the mainland to handle the produce of Japanese growers.

He admitted the carry-over in cold storage was considerable, but said the condition of the British market would more than compensate for it.

Capt. Livesay produced as evidence a letter from a fruit broker in Britain which said in part: "We have had all over Britain the most extraordinary weather conditions within living memory,

COMMONS TO VOTE BIG SUM

Supplementary Estimates Give \$40,000,000 For Work-creating Plans

OTTAWA (CP)—Supplementary estimates totaling \$106,509,436, for the present fiscal year ending March 31, 1939, were tabled in the House of Commons today by Hon. Charles Dunning, Minister of Finance.

Hon. Norman Rogers, Minister of Labor, said in explaining the unemployment relief section of the estimates that they "provided for work-creating projects amounting to more than \$40,000,000."

On improved road transportation to new mining areas, \$13,100,000 will be spent. The total proposed expenditure on highways apart from the mining roads, is more than \$3,500,000. More than \$7,000,000 will be spent on harbor and river development. Another \$1,000,000 will be spent on canal improvement.

AID TO FISHING

The fishing industry will be encouraged to the extent of \$650,000. Air transportation will have an added vote of \$800,000 for construction and improvement of trans-Canada airports and an added \$500,000 will be allocated for assistance to municipal airports.

Youth training plans are to be extended and \$2,250,000 is included for training projects for unemployed young people and older unemployed persons.

Fawn In Idaho Fed On Bottle

PLUMMER, Idaho (AP)—Dr. Charles Weinberg said today he had performed a Caesarean operation to save the life of a fawn. The legs of the mother deer were broken when she was struck by a train. Twin fawns were delivered, but one died. The other is thriving on a bottle.

FLEET OFF TUNISIA

PARIS (AP)—France's Mediterranean fleet today concentrated off Bizerta, naval base of French Tunisia, which adjoins Italian Libya, amid European tension over suspension of Franco-Italian friendship negotiations.

Seven cruisers and 18 destroyers dropped anchor in Bizerta Harbor in preparation for combined night war games with air forces. Officials said they were only "normal manoeuvres."

ROME (AP)—King Vittorio Emanuele today sailed from Syracuse, in Sicily, aboard the Royal yacht Savoia for Libya to attend army manoeuvres near the borders of French Tunisia. It will be his first visit to Africa since he became Emperor of the expanded Italian realm.

Preparations for the manoeuvres have coincided with increasing Franco-Italian tension and published reports France was increasing her native army in Tunisia. Official quarters here said there was no direct connection, however.

SENATORS TO HEAR BEATTY

OTTAWA (CP)—Proposals of Sir Edward Beatty, chairman and president of the Canadian Pacific Railway, looking toward a betterment in Canada's railway situation, will be heard next Tuesday by the Senate special committee on the railway condition of Canada.

The committee completed yesterday its review of the results of five years of co-operation between the two railway companies under the provisions of the Canadian National-Canadian Pacific Act of 1933, co-operation aimed at effecting economies by eliminating or unnecessary services.

(Turn to Page 2, Col. 6.)

PARIS (CP)—A Havas News Agency dispatch from Berlin tonight, said Great Britain had called the German government's attention to rumors of German troop movements toward the frontiers, and had asked reassurance that the rumors were without basis.

The dispatch said the British representations were made by Ambassador Sir Neville Henderson to Baron Ernst von Weizsaecker, secretary of state for foreign affairs, in the absence of Foreign Minister Joachim von Ribbentrop.

The baron, Havas said, was believed to have referred the question to Gen. Wilhelm Keitel, chief of state of the supreme command of Germany's armed forces, whereupon Gen. Keitel was reported to have assured the Wilhelmstrasse there had been no abnormal troop movements.

Von Weizsaecker is understood to have passed on this assurance to the British ambassador.

MANY RUMORS

The Associated Press said in Paris, and one was to the effect large detachments of German troops had been ordered up to the Rhineland frontier. One Paris paper which published this report in its first edition withdrew it from the next.

In a statement yesterday Premier Edouard Daladier denounced a rumor that a foreign power was mobilizing against France. The Associated Press said he obviously was referring to stories that German troops were being ranged along the border opposite Alsace-Lorraine, the province France gained from Germany by the peace treaty of Versailles.

The Havas dispatch from Berlin said Von Weizsaecker told Sir Neville Henderson that in view of the season of the year recent troop movements had been absolutely normal. Reich army contingents always leave in considerable numbers in mid-spring for camps and barracks in preparation for open-field manoeuvres, he pointed out.

PARIS (AP)—France's Mediterranean fleet today concentrated off Bizerta, naval base of French Tunisia, which adjoins Italian Libya, amid European tension over suspension of Franco-Italian friendship negotiations.

Seven cruisers and 18 destroyers dropped anchor in Bizerta Harbor in preparation for combined night war games with air forces. Officials said they were only "normal manoeuvres."

Preparations for the manoeuvres have coincided with increasing Franco-Italian tension and published reports France was increasing her native army in Tunisia. Official quarters here said there was no direct connection, however.

By GEORGE HAMBLETON Canadian Press Staff Writer

LONDON—After conversations with Italian, French, German and Russian representatives, the Earl of Plymouth, chairman of the Nonintervention Committee, today summoned a meeting for the hands-off Spain body for Thursday next.

The committee will tackle outstanding points in the British plan, the ultimate aim of which is to leave Spain to the Spaniards. Withdrawal of volunteers from both sides and restoration of both sea and frontier control are on the committee agenda.

Proportionate withdrawal of volunteers is the accepted basis of procedure. An international committee will go to Spain then (Turn to Page 2, Col. 6.)

HERTZOG HAS BIG MAJORITY

South African Government Party Members Elected to 111 Seats Out of 150

CAPETOWN (CP)—When South Africa's next parliament meets Prime Minister J. B. M. Hertzog's government will have at least three fewer supporters on the ministerial benches than in the old parliament.

With the exception of one outlying constituency, returns from Wednesday's general election were completed today, with the following result: Government, 111; Nationalists, 26; Dominion Party, 8; Labor, 3; Socialists, 1; to come, 1; total, 150.

The principal change in the political line-up as a result of the polling is an increase of six members in the strength of Dr. D. F. Malan's Nationalists, who want South Africa to declare itself an independent republic.

DOMINION GROUP

The other party increasing its representation in parliament is the ultra-British Dominion Party, which elected eight members as against five in the old House, but at the same time lost both its leader, Colonel C. F. Stallard, and his chief lieutenant.

The losers were the United (government) Party and the Labor Party. The government, however, could well afford to lose a little, and in the new Parliament will have a majority over all other groups of at least 72. One member of the cabinet, A. P. Fourie, Minister of Commerce, was defeated.

The Labor Party went into the campaign with the hope of returning to parliament as the official opposition group. Instead its strength was cut from six to three.

Roosevelt Out Of Oregon Vote

President's Policy Is Hands Off In State Democratic Primaries Today

WASHINGTON (AP)—President Roosevelt said today he was taking no part in the Oregon state democratic primary election.

The President made the statement while explaining to newsmen he would not comment on the outcome of Tuesday's primary in Pennsylvania. Lieutenant Governor Thomas Kennedy went down in defeat there despite his endorsement by Postmaster-General James A. Farley.

In the Oregon primary Governor Charles H. Martin, seeking re-election, has been criticized by both Secretary of the Interior Harold L. Ickes and Senator Norris, Independent, Nebraska, who accused him, in effect, of not being a true New Dealer.

Mr. Roosevelt, while making no reference to the Ickes criticism of Martin, indicated his own policy and that of the administration, officially at least, was to keep hands off.

In Oregon, 248,000 Democrats went to the polls today in a test of strength for Secretary Ickes, Senator Norris and John L. Lewis' Committee for Industrial Organization as state primary election factors.

Oregon has been the scene of a bitter battle between the Committee for Industrial Organization and the American Federation of Labor for supremacy in the sawmill industry. Scarcely milder has been the struggle between Governor Martin, militant spearhead against labor terrorism, and his Norris-sponsored opponent, Henry L. Hess of La Grande.

This democratic contest eclipses all other races, although more than half a million Republicans and Democrats today were selecting candidates for governor, senator and three congressmen.

Censured by Ickes and Norris, Martin, outspoken critics of certain governmental agencies, closed his campaign last night with a sweeping denunciation of labor racketeers in which he asserted they had "brutally victimized their fellow workers in such a manner as to parallel the first steps taken by many European nations in their march toward dictatorship."

ASKS FOR DIVORCE
PERU, Ind. (AP)—One month before their golden wedding anniversary, Mrs. Ira McIntosh has filed suit for divorce, charging her husband had treated her cruelly and barred her from their home. They were married June 18, 1888.

According to an ancient Roman road register, issued about 200 A.D., the Roman Empire then had 372 important paved highways, totaling about 48,000 miles.

When Hotel In Atlanta, Ga., Burned

Flames which swept the 30-year-old terminal hotel in Atlanta, Georgia, took a toll of 33 lives and caused injuries to a number. The roof crashed through the floors to the basement, carrying down the bodies.

London Remembers Biggest Air Raid

German Warplane Attack Took 48 Lives 20 Years Ago Today

LONDON (CP)—Twenty years ago today London counted 48 dead and 165 wounded in the last and biggest German air raid of the Great War. More than 1,000 buildings were damaged to the extent of £130,000,000.

Thirteen enemy bombers reached London of 49 which took off from near Ostend. Seven of the 13 bombers were downed, including one forced landing. Anti-aircraft guns fired 30,000 rounds, bringing down three, and three were brought down by 84 British pursuit planes.

The population of the darkened city dwelt in horror for almost three hours. The sky was cut by searchlight beams and sprayed by the flashes of bursting shells. Thirty-six bombs crashed in Essex and 49 in Kent.

Defenders' guns caused part of the casualties and damage, but the government claimed the defense barrage was successful and raids ceased thereafter. But experts now say the raids achieved their purpose, keeping several thousand men, much ammunition and many planes at home and away from the fighting front.

Theatre Guarded In Vancouver

Police on Lookout After Threats of Bombing of Movie House

VANCOUVER (CP)—City police increased their guard over the Hollywood Theatre here today as a result of a report from the management it had received anonymous threats of possible bombing attempts on the motion picture house.

The theatre has been picketed for some time in a dispute with projectionists. Police said the management had received information there might be a repetition of "what occurred in previous labor trouble in connection with labor trouble in city theatres."

Some years ago the front of the Royal Theatre in the east end district was blown out by a bomb. Later Wally Woolridge, union operator at the Colonial Theatre, escaped serious injury when an explosion wrecked his automobile.

The Hollywood is a suburban theatre, built recently in the Kitsilano district.

NO VOTES FOR DOUKHOBORS

OTTAWA (CP)—The House of Commons electoral matters committee today confirmed its determination to continue disfranchising the Doukhobors of British Columbia.

An amended clause was written into the new Elections Act to replace that which had been drafted two weeks ago. It disqualifies the Doukhobors of the Pacific province, without specifically naming them.

Cruiser Seaman Held For Murder

LONDON (CP)—The Admiralty today announced Seaman Edwin Dwyer of H.M.S. Dorsetshire had been charged with the murder of Leading Seaman Robert Dickinson, who was found shot in the back while the cruiser was off Queensland, Australia, early this month.

The trial probably will be held at Hongkong. The Admiralty said no details of the trouble aboard the ship have been made public.

Sixteen sailors deserted the cruiser while it was in Australian waters in connection with the New South Wales 150th anniversary celebrations. Five of them are en route to Hongkong to rejoin their ship. The others are missing.

CHINA PLANES VISIT JAPAN

Two Bombers Stated to Have Dropped Leaflets Around Nagasaki

HANKOW, China (AP)—The Chinese crews of two big bombing planes were given a triumphal welcome Friday when they returned from what Chinese aviation headquarters described as a flight over western Japan in which leaflets were dropped instead of bombs.

The airman were said to have covered 2,500 miles, the longest nonstop flight ever made by Chinese fliers.

Their enthusiastic homecoming was staged at the Hankow air-drome, which presumably was their point of departure. The leaflets urged the Japanese people to oppose the invasion of China.

Premier H. H. Kung and War Minister Ho Ying-ching headed the delegation of Chinese leaders who greeted them on their return. It was understood they visited principally the district containing Nagasaki, 470 miles from Shanghai, and Sasebo, the great naval base 40 miles to the north, from which many of Japan's transports and warships put out for the China coast.

Earlier reports that the twin-engine monoplane bombers had flown over Tokyo and Osaka, respectively, Japan's capital and industrial metropolises, were denied by Chinese officials.

Premier Kung declared the flight "made Japan realize that it is possible for Chinese aircraft to reach her islands."

He continued, addressing the fliers: "You did not drop bombs, as the Japanese air force is doing in China, but dropped leaflets because China champions humanitarianism."

In Tokyo the war and navy ministers ridiculed the Chinese announcement of the flight. "If Chinese planes could reach Japan they would drop bombs, not leaflets," said a spokesman.

It is estimated that about 15 per cent of the automobile accidents in 1937 were caused by defects in the mechanism of the car.

SLIGHT WOUND IN PARIS DUEL

Head of Comedie Francaise Cut on Arm By Bernstein, Playwright

PARIS (AP)—Edouard Bourdet, director of La Comedie Francaise, was wounded in the right arm today by Henri Bernstein, veteran playwright and duelist, in an "affair of honor" that failed to settle their quarrel.

The principals left the dueling field without reconciliation. The attending physician said the wound was not serious.

The duel, with daggered but needle-pointed epees, took place on an estate at suburban Neuilly and consisted of two two-minute rounds of fighting for which Bernstein, adjudged the injured party, chose the weapons.

It was Bourdet's first duel and Bernstein's ninth.

At the end of the second two-minute period the referee sighted blood trickling from Bourdet's right arm and, on examination, declared the contest ended.

IODINE READY

Despite protests of Bourdet and his seconds, the referee called Dr. Thierry de Martel from the sidelines to swab the wound with iodine. The referee was Jean Joseph Renaud, himself the veteran of many a clash at arms.

Bernstein then stripped off his shirt to show he had not been touched by his opponent's blade and, with his seconds, followed Bourdet and his party into the house on the estate.

After the referee had split the swords apart as the signal to start, Bourdet immediately attacked Bernstein, but slipped twice on the damp grass. Bernstein dropped his blade until his opponent had regained his feet and then the duel was resumed.

Duelling is illegal in France, but "affairs of honor" generally are disregarded by the authorities. The copiest was watched by a large gathering of newspapermen and cameramen, who were admitted to the scene after climbing over surrounding walls.

Bernstein, charging Bourdet with failing properly to rehearse his current play, "Judith," had withdrawn that work and his established repertoire from the state-owned Comedie Francaise. Bourdet then had written Bernstein, stating "You acted without scruples, without honor and without loyalty."

RICHARD D. WAUGH OF WINNIPEG DIES
(Continued from Page 1)

was a leader of the Scottish Association and was prominent in curling and horticultural circles. His first political venture was in 1908, when he became city comptroller. Four years later he was elected mayor, serving in that post through 1915 and 1916.

The 98-mile aqueduct carrying Winnipeg's fresh water from Shoal Lake, in the Lake of the Woods region, was built between 1915 and 1920 when Mr. Waugh was chairman of the Greater Winnipeg Water District. The project cost \$20,000,000.

TASK IN WAR
In March, 1920, Sir Robert Borden, then Prime Minister of Canada, offered Mr. Waugh the Saar commission, at the request of the British government, and it was accepted.

Mr. Waugh as a member of the Saar administration, under the League of Nations, took the view that body had no more right to be anti-German than anti-French or anti-British and as a result he said: "It seemed I was always a minority of one, as I thought it my duty to see the Treaty of Versailles was carried out to the very letter by both the French and Germans."

For three and a half years, Mr. Waugh strove to pacify the Great German population in the fertile mining valley. But in 1923 the Saar Commission moved to impose heavy fines and imprisonment on inhabitants who criticized the Versailles Treaty or any administration.

After three months of fighting this move, Mr. Waugh resigned in August and moved back to Winnipeg.

HIS FAMILY
Mr. Waugh was twice married. In 1892 he married Harriet Logan, daughter of Alexander Logan, four times mayor of Winnipeg, and of this union there were six children—Richard Douglas, Lieutenant Alexander Logan, Lord Strathcona Horse, killed during the Great War; Frederick James and Heber Edward, Esq., who died in Winnipeg in 1930, and Margaret.

Mrs. Waugh died July, 1931, and in August, 1932, Mr. Waugh married Miss Eleanor Lewis of Winnipeg.

Either we must defend our standards or lose them. There is no neutrality.—Rev. Dr. Harry F. Ward, of Union Theological Seminary.

WIRING FAULT CAUSED CRASH

Wrongly-connected Signal Circuit Blamed For London Underground Wreck

LONDON (CP)—Faulty wiring was advanced today as responsible for the underground railway collision last Tuesday in which six persons were killed. The accident, in which one crowded train telescoped another, was the worst in the history of London's "tube" system.

The error had been made in rewiring done the night before. A test prior to the accident had not disclosed that it gave the effect of signaling the first train as leaving Charing Cross Station when it should have shown the train as still stationary.

A. G. McLean, motorman of the second train, said he did not see the tail light of the first, but was not prepared to swear it was not lighted. He testified he saw a "hazy red" and suddenly realized it was the rear end of a train. He set the emergency brake, but the crash was almost immediate. His train was traveling at about 25 miles an hour.

JAPANESE MOP UP AFTER OCCUPYING CITY OF SUCHOW

(Continued from Page 1)

who had flown in Japanese army planes 350 miles from Shanghai, the general declared the magnitude of Japan's victory at Suchow.

central front resistance, was not yet generally apparent. He would not permit his name to be disclosed.

The Japanese commander said the huge Chinese forces around Suchow were breaking up into leaderless disorder and suffering terrible casualties under the steady, merciless attacks of the Japanese air corps.

NEW DRIVE PLANNED
Other officers of the Japanese command said the fall of Suchow by no means marked the final phase of the 10-month-old war.

They declared emphatically a new campaign destined to carry Japan's armies westward through the heart of China, south of the Yellow River, already was under way.

They would not disclose details, but one high officer said Japan's legions—now stretching from the Yangtze River through the coastal provinces above Shanghai and along a front bending westward above the Yellow River—were girding themselves for still more formidable onslaughts.

These, he said, would be pointed toward the obliteration of Gen. Chiang Kai-shek and his armies from China forever.

The writer was the first American correspondent to reach the war zone behind the Japanese lines since the fall of Nanking, December 13. He was accompanied by Ss. Moosa of Reuters and representatives of Domei (Japanese news agency) and Le Journal de Shanghai.

LOOK TOWARD HANKOW
(Japanese correspondents reported Gen. Shunroku Hata, commander of Japan's armies south of Suchow, interviewed at an undisclosed base, "only the hop" in a "hop, step and jump," in which "we may stop at Hankow or make the jump to Chungking.")

(Hankow is temporary capital of China. Chungking, another temporary government seat, is 500 miles farther up the Yangtze River. The hop, step and jump is Japan's favorite track and field event, her champions having won it, at the last three Olympic games.)

Near Muscle Shoals, Alabama, is a series of ponds that annually disappear in the earth, leaving as many as 230,000 fish stranded in a grassy morass.

REUNION FOR DIONNE FAMILY

Agreement Ends Quarrel Between Quintuplets' Father and Guardians

NORTH BAY, Ont. (CP)—Olivia Dionne's dream has come true. His famous quintuplet daughters will be reunited with their parents and their seven brothers and sisters next September. They will live together in a home built for the most unusual family in the world.

The happy ending to years of controversy between Dionne and the Ontario government-appointed guardians of the quintuplets will be four years old May 28, when the girls were taken from the humble home where they had been born to the newly-built Dafoe Nursery, Dionne has fought to have them returned to him. Recently he asked Attorney-General Conant of Ontario for a judicial investigation of quintuplets' affairs. It was refused.

But its sequel came in North Bay yesterday when a meeting of the guardians with Dionne, Duncan McArthur, deputy minister of education of Ontario, and Keith Munro, business manager of the quintuplets, reached an agreement. In effect the men who have most to do with the future of the quintuplets decided it was time to stop fighting. They agreed to co-operate.

Dionne will be given a greater say in the conduct of the quintuplets' affairs. He has been a guardian but has taken little part in the board's activities. Seemingly satisfied, he said after yesterday's meeting: "Well, that's the first time I was given any satisfaction."

The quintuplets, their parents and their brothers and sisters are to live together in a home to be designed by Ontario government architects. Probably it will be built at Corbett, two and a half miles from the present home of the girls.

What use will be made of the Dafoe Nursery, which has cost \$25,000, has not been decided. While few details of the agreement were released, it is known Dr. Allan Dafoe will continue in complete control of the quintuplets' physical health. The present board of guardians will plan the girls' lives until they are 18 years old—under an act of the Ontario Legislature which makes the children "wards of the King" and their guardians sole controllers of their future.

But Dionne, as a father rather than as a guardian, yesterday was given a fuller measure of control of their education and a voice in the selection of their teachers and nurses. Devoutly Roman Catholic and a staunch French-Canadian, Dionne has frequently protested Dr. Dafoe's appointments to the nursing and teaching staff. The agreement reached yesterday gave him more control over these.

SENATE APPROVES FARM DEBT BILL

OTTAWA (CP)—Despite vigorous opposition from Prince Edward Island senators, the Senate yesterday approved in committee of the whole the government's bill amending the Farmers' Creditors Arrangement Act. The measure is expected to receive third reading next Monday night. The amendments make provision for arranging the debts of deceased farmers, give authority for establishing more than one board of review in any province, and give power to the Minister of Finance to place a time limit on application in any province.

Wheat Seeding Well Advanced
Sowing Completed in Manitoba; General Prairie Conditions Good

WINNIPEG—Weather conditions during the last week were generally cloudy, cool and showery throughout the entire province with strong winds at many points. Wheat seeding in Manitoba is about completed, and in Saskatchewan and Alberta from 35 per cent to 95 per cent completed. The seeding of coarse grains varies from 15 per cent to 95 per cent throughout the plains area, according to the weekly crop report of the department of agriculture of the Canadian National Railways.

Conditions are very good in Manitoba. Early sown wheat is showing above ground. In south central Saskatchewan seeding has progressed favorably. Early wheat is showing strong growth. In central Saskatchewan seeding has been delayed on account of weather conditions. In southern Alberta, wheat seeding is from 40 per cent to 75 per cent completed. In northern Alberta wheat seeding is practically completed. Throughout the entire Peace River territory seeding is practically finished.

REPORT FROM C.P.R.

WINNIPEG—After a week of unsettled weather with moderately warm to cool days, and with fairly general showers and rains, heaviest in southwestern Manitoba, the prairie wheat crop is about 86 per cent seeded, says the weekly crop report of the Canadian Pacific Railway's agricultural department. Wheat seeding is completed in Manitoba, about 74 per cent in Saskatchewan and about 73 per cent in Alberta.

Strong to high winds in the latter part of last week in the three provinces caused local damage to some growing crops, and seeded fields ranging from slight to 10 per cent, most damage being apparent in west central and northwestern Saskatchewan. Light soils and unworked summer fallow from last year appear to have been affected most, but with moderate temperatures since and good rains in many areas, it is considered the loss on the whole will be slight. There is also time for reseeded. Substantial seeding progress was made, despite wet conditions and strong winds.

OTTAWA GOLD HOARD GROWS

Bullion From Abroad Valued at \$100,000,000 Stated in Bank Vaults

OTTAWA (CP)—Gold coin and bullion are reported flowing into Ottawa from abroad to be stored in the vaults of the Bank of Canada, and it is said more than \$100,000,000 worth has been stored during the last few months in the new building on Wellington Street, west of the Parliament Buildings.

Great secrecy shrouds the movement of the precious metal. Police guards meet it at the train and the express boxes are rushed in armored cars to the safety of the bank vaults. The reason for the importations remains a mystery. Bank officials will not comment on any aspect of the movement, although it has been established the importations have been going on and may continue for some time.

Some monetary experts on Parliament Hill believe the gold is being sent to Canada so it will be readily available for the purchase of munitions in the United States should Britain be involved in war.

Other experts contend the gold is being stored with the Bank of Canada by the Bank of England for safekeeping, due to the unsettled state of Europe and the danger of retaining a large gold supply in London should a conflict break out.

These authorities scout the original belief that the bullion came to the Bank of Canada from France as a reserve for purchase of munitions for the republic. There is a possibility some of it might be used in Canada for British purchase of arms and munitions.

BRAWLS IN PRAHA

PRAHA (CP-Havas)—Tension over Czechoslovakia's German minority problem was marked last night by three street brawls involving adherents of Konrad Henlein and his wife were on their way to the mountains for a rest.

FOUR RUSSIAN FLIERS KILLED

MOSCOW (AP)—Tass (official Russian news agency) reported Thursday M. S. Babushkin, one of Russia's foremost fliers, and three other persons were killed last Monday in an airplane crash on a flight from the Arctic region to the mainland of Soviet Russia.

Twelve other persons aboard the big four-motored plane were injured when it fell into a river near Archangel while en route from Franz Josef Land, where the Russian maintain a depot in the polar basin.

The passengers presumably included some who passed the winter on the islands, which served as a base for the fruitless search for Sigismund Levaneffsky and five companions who disappeared on a flight from Moscow across the polar region to the United States last August 15.

Babushkin was among 11 Russian fliers who crossed the North Pole last May in carrying on a program of polar exploration by airplane. For that achievement he received the title of Hero of the Soviet Union.

Seven Canadians Killed in Spain

TORONTO (CP)—Official notification was received by the Friends of the Mackenzie-Papineau Battalion here yesterday of the deaths of seven Canadian volunteers with the loyalist forces in recent fighting in Spain.

Vienna Woman Is Sentenced to Death

VIENNA (AP)—Martha Marek, 44-year-old widow convicted of four murders, was sentenced to death yesterday.

Although the prosecutor, Otto Wotawa, described the crippled, half-blind woman as a "human cobra who richly deserves the gallows," the sentence did not indicate the method of execution. This raised rumors the guillotine soon might replace hanging for executions in Austria.

Frau Marek was convicted of murdering her husband, daughter, aunt and a woman boarder. Jenoe Neumann, convicted of complicity in the killings, was sentenced to three years' imprisonment.

Nazi newspapers said Frau Marek was of Jewish ancestry and described her trial as "the first Jewish murder case" in Nazi Vienna.

FRIDAY, MAY 20, 1938

Today in Dewdney

TODAY IN DEWDNEY THE ELECTORS will decide whom they would like to represent them in the British Columbia Legislature. Mr. D. W. Strachan, a former member of the House, is carrying the banner of the Pattullo government; Mr. W. A. Jones, Reeve of Kent municipality, is the choice of the Conservatives; and Miss Mildred Osterhout, traveler and political student, is flying the colors of the Co-operative Commonwealth Federation.

Particular interest attaches to this contest because the by-election was occasioned by the death of Dr. F. P. Patterson, leader of the Conservative Party of this province, and a man who had all too little time in which to demonstrate his political philosophy as head of the official opposition in the House. It may be expected, therefore, that the polling will be close, with Mr. Strachan the favored candidate by reason of the fact that he formerly represented the constituency and acquitted himself well in the Legislature during his term of office.

In the general election of 1933, after continuous representation by a Conservative from 1920, the votes were distributed as follows:

D. W. Strachan (Lib.)	1235
D. G. Morse (N.P.)	1069
A. G. Miller (C.C.F.)	967
S. Mussalem (Ind.)	588
C. J. McKendrick (U.F.)	127
C. G. Evans (Ind.)	85

At the general election last year there were three contestants who divided the votes this way:

Patterson (Con.)	1870
Strachan (Lib.)	1618
Cameron (C.C.F.)	1274

During the campaign which closed last night the proposed British Columbia-Alaska Highway was introduced by opposition speakers almost as if Premier Pattullo had given British Columbia to the United States. The arguments advanced betrayed a woeful lack of constructive ideas. Meanwhile, however the voters are making their decision.

A Comfortable Majority

PREMIER HERTZOG'S MAJORITY OVER all other parties in the next Parliament of the Union of South Africa will be at least 72. There is still one riding to hear from; but the following tabulation indicates that the United Party of which he is the head will be only three, or at the most four, less in number than in the last House:

Government	111
Nationalists	26
Dominion Party	8
Labor	3
Socialists	1
To Come	1
Total	150

The chief change in the division of parties in the next Parliament is an increase of six members in the strength of the party led by Dr. Malan. He attracted to his out-and-out republican platform those former members of the Nationalist Party who broke away from Premier Hertzog when he fused his major following of 75 Nationalists with General Smuts's South African Party adherents of 61, in 1934, and emerged as leader of the United Party of South Africa—now confirmed in office.

Labor had hoped to win enough seats to enable it to assume the role of chief opposition party; it reduced its representation in the Legislature from six to three. The Dominion Party (ultra-imperialistic) added three new members to its original five in the last House. Its leader, Col. C. F. Stallard, lost his seat, as did also his chief lieutenant.

The main point about this latest decision of the South African electorate, however, is its staunch reaffirmation of its belief in democratic government. Under the combined leadership of Premier Hertzog and Vice-Premier Smuts the Dominion can expect to maintain that measure of steady progress of which it has been able to boast in recent years.

Beverley Baxter Tells Us

IN A RECENT RADIO ADDRESS FROM London, England, over the Canadian network, Mr. A. Beverley Baxter, noted Canadian-born commentator, writer and Conservative member of the British House of Commons for the Wood Green Division of Middlesex, spoke in enthusiastic terms of the growing interest which industrial and financial communities of Great Britain are now manifesting in Canada. This change of outlook obviously struck Mr. Baxter somewhat forcibly, because he is of the opinion that the average Englishman has never as clearly understood Canada as, for example, the Scot. Rather is he by instinct more at home exploiting the desert than a prairie—for he (the Englishman) understands natives better than inhabitants, as the Canadian commentator puts it.

What Mr. Baxter has discovered in this regard becomes more illuminating when considered in connection with some observations in a recent issue of one of the period-

cal reviews of the Midland Bank, which reminds us that Canada is becoming increasingly important in world affairs—on the side of finance as well as trade. In the matter of finance, the bank's economist points out, "the country still provides a field for large-scale investment of external funds." In pre-war days, of course, Canadian development was largely financed by funds raised in Great Britain, but during and after the war the United States became the most important external source of capital, while an increasing proportion of the capital required was raised in Canada itself. It was officially estimated that at the beginning of 1935 the capital invested in Canada amounted to \$18,000,000,000, of which nearly two-thirds was owned in Canada; of the remainder, nearly \$4,000,000,000 was held by residents of the United States, while the quota for Great Britain was put at \$2,800,000,000.

There would thus appear to be good reason for believing that the English investor might be thinking more intensively and undividedly about Canada as a country for investment, and perhaps regaining his position as leading investor outside of the Dominion itself. Mr. Baxter puts it this way: "The City of London, that square mile around the bank which dominates the finances of the world, is beginning to see that Canada is the ideal country for financial investors. And the threat of aerial bombardment has made England conscious that Canada is the natural place for her munition manufacturers." According to Mr. Baxter's further observations, "Britain is beginning to realize what a priceless asset Canada is to the British race. Among the reasons given for this awakening of sympathetic interest are the Dominion's nearness to Europe, and its comparatively safe detachment from it, the vigorous spirit of its people and their orderliness." We have no reasons to question Mr. Baxter's observation that there is a Canadian boom on in England, and that shrewd Englishmen are turning their eyes continuously toward Canada.

The government is helping it by running "Canada Calling" campaigns to acquaint the consumer with our products, and the Canadian Travel Bureau is presently advertising the travel advantages in our 3,600,000 square miles. Much can still be done by other agencies who have frequent correspondence and contact with English sources.

Well! Well! Well!!!

IF WE HAVE BEEN READING THE EDITORIAL observations in the Dewdney edition of the Vancouver Daily Province correctly, we shall expect it to go on a real verbal binge tomorrow if Liberal candidate D. W. Strachan should happen to run second or third when the score is complete tonight. We suggest this because the following three-fifths of a five-paragraph leading editorial in our contemporary's issue of yesterday can lead us to expect nothing else:

"Dewdney is a countryside, a lovely place, a state of mind, a by-election campaign, a seat in the Legislature, and as Byron said of Marathon, the mountains look on Dewdney. They are beautiful mountains. They are the Golden Ears. The Golden Ears look on Dewdney; the Golden Ears listen in the evenings to what Dewdney hears in its election campaign."

"The Golden Ears, whatever Dewdney thinks about it, must wonder at what Dewdney hears. Dewdney hears, mainly, golden promises—golden promises for the country of the Golden Ears. Dewdney hears legends of far countries and strange roads to Alaska, railways to the Peace River, a golden age for the Yukon, when Mr. Pattullo takes the Yukon in."

"There have been golden promises before, but Dewdney, in the country of the Golden Ears, must have brand-new, last-minute, newly-minted promises of new election gold. The old promises will not do."

There are a lot of industrious, intelligent, and hard-thinking people in the provincial constituency of Dewdney. How they distribute their ballots today, of course, is essentially their own business. What they think of the Vancouver Province's comment to which we have referred also is their own business.

Notes

Swastika: An ordinary cross with crooked ends.

Yes, Fascism must be checked. But the weapon to defeat propaganda is better propaganda, not force.

No wonder Hitler hates democracy. A big shot can't get things done if a damned majority is always disagreeing with him.

PUTTING THEM STRAIGHT

San Francisco Argonaut.

No sooner does a personage of title arrive at the portals of this city than the plump of the society scribes are in a great flurry and dither, and some of the resultant announcements in their columns are very strange indeed. For instance, there has recently been visiting here a very charming and cultivated woman, the widow of a British knight, Sir Frederick Palmer.

This lady's title is simply Lady Palmer. But the scribes, instead of consulting an authority, for the most part referred to Lady Palmer as Lady Frederick Palmer, and at once Lady Palmer became, not the relict of a knight, but the wife of a Lord Frederick Palmer, the son either of a duke or a marquess, and bearer of a courtesy title.

Now, as far as that goes, the papers often refer to the Marquis de Pins as the Marquis Henri Galcerand de Pins. It is quite true that those are his names, but they are not included in his title, as he is the Marquis de Pins, one and only head of his family, and the title needs no further description to distinguish him from any other member of the de Pins family.

Loose Ends

By BRUCE HUTCHISON

BOYISH PRANK

THE JOLLIEST NEWS to come out of Alberta is the announcement of the government, through one of its ministers, that it never intended its new production tax on farmers to be taken seriously. The government merely imposed the tax to start the farmers thinking and to "get their reaction." Just clean fun among us boys.

I dare say the government succeeded in its plan. It got a reaction all right. It got such a reaction that apparently it won't collect the tax. So a pleasant time has been had by all with no hard feelings.

Probably also the tax made the farmers think. Taxes usually make anybody think, and that is one of their chief uses. If all our taxes were in the open, 25 cents on every dollar you spend, you would think a great deal more about government and the business of the state. They are so well hidden in your cigarettes, matches, soap, pianos, automobiles, that you only think about your land and income taxes, which are a minor part of the whole.

If the Canadian Government only had a sense of the picturesque like Mr. Aberhart, it might impose these taxes direct, in a scientific fashion, and get a reaction. The federal government doesn't want a reaction, however, for such a reaction would be the end of it. Only in Alberta, apparently, can a government remain in office when it makes people think and imposes taxes just for the fun of the thing. In other parts of the country we lack Alberta's fine sense of humor. We don't like taxes because here we pay them. We can't just laugh them off and blame Major Douglas or St. James Street.

ORATORS

IN VANCOUVER THE OTHER DAY I observed a local phenomenon which we should imitate here. Over there they are building up a fine tradition of freedom and democracy by promoting oratory in Victory Square. On a sunny day Victory Square is like a minor Hyde Park or like the corner down by the Tower, where people enjoy their lunch out of a paper bag while listening to professional orators talk on the Irish question, Communism, religion and birth control.

You can say what you like in Victory Square, they tell me, and this is in the best British tradition. It won't have any effect on the thought of the community, of course, but it will provide a great deal of harmless amusement and enable a lot of worthy souls to express their ego without damage. Here in Victoria, however, a man's only chance to express his ego, his only chance to get from burning with a great idea, is to write to a newspaper, and that must be rather cold comfort. How much more satisfactory to appeal direct to your fellow man, to light his emotions, to see your ideas register in his soul, to see him even pause, as they do down by the Tower in the middle of a mouthful of luncheon cake, to listen, though not for long, not for more than one mouthful.

In Victoria we have no such public forum and our democracy is the worse for it. Indeed, if a man were to stand up in some convenient spot, as for example beside the monument on Pandora Avenue, and make a speech there about the City Council, I dare say he would be arrested for indecency, whereas the permanent indecency of that street is never arrested at all, is dressed up at night with red lights on it. Yes, the man would be mobbed and there would be violence, and, as in the stabbing scene of "Julius Caesar," the orator would fall even at the base of McGavin's statue while all the while ran blood, etc.

The real trouble with us, however, is not that we prevent free oratory, but that nobody cares to make it. Over in Vancouver they have men whose sense of justice and protest, whose views on Technocracy, Communism, Social Credit and the Will of God force them to rush forth and enlighten the populace. Here democracy is dying because nobody gets hot about anything. I even find myself cooling off alarmingly.

THAT CITY HALL

Woodstock Sentinel-Review

Ottawa probably is unique in being without an official city hall, but it is a question whether it is suffering much handicap. If offices are available in privately-owned buildings, the city likely is saving money, especially since relief and other levies are putting a strain on the resources of the ratepayers. No doubt the city council may be criticized in some quarters for not putting up an architectural masterpiece as an official home, but there is good judgment displayed in hesitation at this time. Too many institutions that have a responsibility to the public have invested unwarranted capital in buildings.

Insurance companies, banks, railways, and even some private concerns have overstressed the importance of palatial buildings. They may be splendid as masterpieces of architecture and as luxurious quarters for officials and staff, but in most cases they are out of proportion to the financial status of the country. The capital invested could have been put to better use if devoted to the many humanitarian causes that are clamoring for assistance.

THEY LOST, DIDN'T THEY?

From Stratford Beacon-Herald

Editorially the Globe and Mail bewails the failure of Toronto people to make a fuss over the beaten Maple Leafs on their return from Chicago. Over on the sports page the same newspaper: "After all, professional sport is a business." Exactly. And who ever heard of a businessman, returning from a business trip that failed to net him some more easy money, being tendered a public reception?

TEST OF SPUNK?

New York Herald-Tribune

Then there is that other clean-limbed gaffer, Mr. Oscar L. Richard, a New York broker, who will soon be 83. He is one of the world's most graceful skaters, and he has spunk enough to talk back to traffic cops.

VULGARITY IN HIGH PLACES

From Quebec Chronicle-Telegraph

Premier Hepburn publicly referred to Mr. King as "licking his wounds," in a figurative sense, of course. Premier Duplessis declared just as publicly that "No government at Ottawa, Liberal or Conservative, has had the guts even to settle the railroad problem." And the Ottawa Journal professes to be shocked and horrified at what it refers to as "The new style of discussion between government heads in this country."

The Journal muses: "Ah, well, it is said that vulgarity is contagious, and if our public leaders, those who might be expected to set an example to the rest of us, must 'express' themselves vulgarly, there is little, we suppose, that can be done about it. Truly, we live in strange days!"

It may, of course, be our lack of finer feeling but, for our own part, we can see nothing improper—much less vulgar—about a figurative reference to a licking of wounds. To be squeamish about it is worthy of one of Moliere's "Precieuses Ridicules" and if that is the worst the Journal can reproach Premier Hepburn with, we had almost said it was ridiculous, whether precious or not.

In employing the word "guts" in its colloquial sense, Premier Duplessis may have called a spade a spade, instead of an agricultural implement, a little more vigorously than his colleague in Ontario. But once again English is not his native tongue and, in any case, he was addressing an audience of business-men who surely had very little to "gasp" about. If Mr. Duplessis had known of the sensitive stomach of the Journal he might have said "intestinal fortitude," in place of "guts." It would have meant the same thing; everyone would have understood what he meant and our Ottawa contemporary would have been spared from swooning.

Better English

By D. C. Williams

1. What is wrong with this sentence? "The food was very tasty."
2. What is the correct pronunciation of "aquatic?"
3. Which one of these words is misspelled? Business, buccaneer, buoyancy.
4. What does the word "stupefaction" mean?
5. What is a word beginning with it that means "to utter or do a second time?"

ANSWERS

1. Say, "The food was very tasty" (or savory). 2. Pronounce a-kwa-tik, first a as in ask unstressed, second a as in at, 1 as in it, accent second syllable.
3. Business—4. State of being stupid or dull; insensibility of mind or feeling. "Resistance of the dictates of conscience brings a hardness and stupefaction upon it."—South. 5. Iterate.

Parallel Thoughts

Come, my people, enter thou into thy chambers, and shut thy doors about thee; hide thyself as it were for a little moment, until the indignation be overpast.—Isaiah 26:20.

Beware of the fury of a patient man.—Dryden.

Anyone who contends that wage rates must be maintained is no true friend of labor.—Dr. Harold G. Moulton, president of the Brookings Institution.

Landsberg Camp To Open June 28

Family Welfare Association
Directors Hear of Plans
For Opening

At the monthly meeting of the board of directors of the Family Welfare Association of Greater Victoria, held at Welfare House recently, it was reported that the Fred Landsberg Sunshine Camp would be open from June 28 to September 1. There will be four parties of mothers and children and one party of teen-age girls at the camp. Alderman W. H. Davies is chairman of the committee, consisting of W. L. Woodhouse, Magistrate Henry C. Hall, K.C., Miss Sara Spencer and Miss Cressor of the V.O.N. Miss Constance Brown will look after the office work.

Joseph McKenna was welcomed as a new board member to replace Rev. Father Scheelan, who has gone to Salt Spring Island.

J. H. Frank gave a report of the work of the case committee, stating that the committee had held two meetings at which four cases, including two marital problems, one unmarried mother and one economic problem were discussed.

The treasurer's report, presented by N. F. Ferris, showed \$428.10 in the reserve account, \$351.50 in the operating account and \$383.55 in the Sunshine Camp reserve account.

The general secretary's statistical report showed that 99 families had received some form of assistance from the association during the month.

Oak Bay Wins Debating Honor

High School Championship
Decided on Subject of Rail-
road Amalgamation

By defeating Victoria High School in the Oak Bay High School auditorium yesterday afternoon Douglas Sutcliffe and Roger Carter, representing Oak Bay, won the championship of the Greater Victoria High Schools. The victory gave the shield to Oak Bay for the fourth consecutive year.

Victoria High School was represented by Brenda Smith and Keith Ralston.

The topic was, "Resolved that the Canadian Pacific Railway and the Canadian National Railway should amalgamate under government control."

Oak Bay took the negative with Carter attempting to prove that amalgamation was not necessary and Sutcliffe dealing with the dangers of government control.

In the affirmative Ralston tried to show the necessity of amalgamation and Miss Smith pointed out the advantages of government control.

Dr. W. J. Sippell, Prof. E. S. Ferr and B. Bailey were judges.

By-law Drafted For Restaurants

Health committee members and restaurateurs of Victoria will meet in the near future to discuss clauses of a proposed by-law drafted to ensure cleanliness in certain city restaurants.

Copies of the draft which sets out several proposals to give greater assurance of healthy conditions in the kitchens of eating houses, as well as in the sections where food is served and stored for public consumption on the premises, have been forwarded to various members of the trade.

The by-law move is an outgrowth of a request by restaurateurs for some regulatory ruling which would cover city premises.

Sidney Pastor To Grand Forks

Rev. Thomas Keyworth, pastor of the United Church at Sidney, has resigned his charge to take over the pastorate at Grand Forks on July 1.

Mr. Keyworth will exchange pastorates with Rev. D. M. Perley, present incumbent at Grand Forks, who will assume the Sidney charge. During his pastorate at Sidney Mr. Keyworth has been an active member of the Victoria Presbytery. For seven years he was secretary of that group and this year he was named chairman of the Presbytery.

UNDATED DIVIDENDS

Gatineau Power preferred, 1 1/2 per cent, payable July 2 to shareholders of record June 1.

Mackinnon Steel preferred, 1 1/2 per cent, payable June 15 to shareholders of record May 31.

Highway Route In Alaska Mapped

WASHINGTON (AP)—The geological survey said today it would map by aerial photography next month 10,000 square miles of central Alaska.

The region to be covered, officials said, lies east of Fairbanks and part of the area includes the route to be taken by the Alaska highway if present Canadian-United States plans materialize. Another part of the area follows the new Juneau-Fairbanks-air route.

Contract for the flying went to the Pacific Alaska Airways.

NOTES DEFECTS IN HISTORY

S. G. Pettit Points to False
Perspectives in Address
to Victoria Authors

"A Poet Looks at History" was the subject of an address by Sidney G. Pettit, librarian and instructor in history at the Victoria College, before the monthly meeting of the Victoria and Islands Branch of the Canadian Authors' Association, held in the Princess Louise Room of the Empress Hotel last evening.

Mr. Pettit said that modern historical methods were defective. The main defects were: Over-emphasis of analysis, bias, and false perspective or lack of proportion in analysis.

An artist or a poet had the ability to judge the inward character from the outward feature, to survey reality, and was less subject to prejudice of time and space.

"But," the speaker said, "we owe a lot to Spangler for his method of treatment."

LOGICAL TREATMENT

Spangler's treatment was logical. He rejected the straight line principle and presented man here and there, not following the straight line.

The historian showed civilization, gradually working up to an industrial Utopia.

Spangler showed the steps in the disintegration of the old world and the decline in culture.

Prior to the main address, Miss Floris Clark McLaren read extracts from a paper by Hugh Eayrs of the Macmillan Publishing Company, entitled "The Barometer Points to Change."

The extracts showed Mr. Eayrs' opinion of a book publishing throughout the world. There were far too many books being published today—an incredible amount of good books, but also a larger amount of bad ones. In England last year there were 16,000 new books published. This amounted to more than 40 a day, a number too large for anyone to read. And it was becoming harder every day for an author to secure publication in book form.

There seemed to be no solution to the problem. Publishers must be careful in confining themselves to publication of only the best.

Mrs. L. B. Berton presided during the meeting. Philip Heal, baritone, sang several selections accompanied by Miss Audrey St. Denis Wood.

DIVIDEND

CHICAGO (AP)—Directors of the International Harvester Company today declared a quarterly dividend of 50 cents a share on the common stock, payable July 15 to stock of record June 20. Since January 1, 1937, the company has paid 62 1/2 cents each quarter.

A final special dividend of \$1.50 a share was paid on common stock in the last quarter of 1937.

The directors also announced that, effective June 1, salaries of company officers would reduce 10 per cent.

Tehama county, California, turkey farmers are using trained dogs to herd their flocks.

Georgia's famous watermelon crop is about 12,000,000 melons annually.

BILIOUS ATTACK After Every Meal

Those sick headaches you suffer from are very likely due to stomach disorder. Very likely your case is like that of Mr. H. W. H. of Didcot, who became so bad from biliousness and sick headaches that he used to experience an attack after every meal. Not till he tried Maclean Brand Stomach Powder did he find anything to give him relief—but that relief was quick and sure. "The first bottle gave me such speedy relief that I continued the treatment," he writes. "I could soon eat without fear of any trouble."

In our files is letter after letter telling similar stories—of relief from the sufferings of disordered stomachs brought on over a long period of time—but always right away. If you are bothered with sick headaches and bilious attacks, give this hospital remedy a trial. Be sure you look for the signature, "Alan C. Maclean," on both bottle and box. Name other is genuine Maclean Brand Stomach Powder. In powder or tablets, 70c, at druggists. 117

Set Dates For Band Concerts

Twelve Presentations to Be
Given at Beacon Hill Park,
Starting Sunday

Arrangements for twelve band concerts in Beacon Hill Park and four retreats at Parliament Square were made by the parks committee at its meeting this week.

The First Battalion, Canadian Scottish Pipe Band, will open the series with a performance at Beacon Hill on Sunday and concerts

will be given until the middle of August.

The retreats will be played by the First Battalion, Canadian Scottish Pipe Band.

The dates for band concerts and the bands and orchestras which will play follow:

First Battalion, Canadian Scottish Regiment Brass Band, May 22; Fifth (B.C.) Coast Brigade Band, June 5; Canadian Legion Band, June 12; Salvation Army Band of New Westminster, June 19; Fifth (B.C.) Coast Brigade Band, June 26; William Tickle's Orchestra, July 3; First Battalion, Canadian Scottish Regiment Brass Band, July 10; Canadian Legion Band, July 17; Fifth (B.C.) Coast Brigade Band, July 24; First Battalion, Canadian Scottish

Regiment Brass Band, July 31; William Tickle's Orchestra, August 7; spare dates in case of rain, August 14 and 21; Alfred Prescott's Orchestra, August 28.

Following the committee meeting, Alderman James Adam, chairman, reported the lacrosse box at Victoria West Park was in shape for play and that at Beacon Hill would be opened on Saturday. A third may be put up in Stevenson Memorial Park.

A cost estimate for boulevard construction on Quadra Street had been completed, but the expenditure was such that the project would be hardly feasible, the alderman said.

Clear white honey is produced in Oregon, when bees get nectar from fireweed blossoms.

● Don't miss this opportunity to win a new 1938 PONTIAC . . . a brand new CHEVROLET . . . or the GMC HALF-TON PICK-UP DELIVERY TRUCK . . . or one of seventeen substantial CASH PRIZES, as high as \$300!

Enter the great General Motors Safety Slogan Contest today. Everybody in Western Canada, 21 years of age or over, is eligible. You don't have to own a car to enter . . . if you do own one, it doesn't matter what make it may be. Here is all you have to do!

First . . . come to our showrooms and enjoy a demonstration ride in a new 1938 General Motors Car. Second . . . on the contest entry blank we will give you, simply write your idea of a slogan on safe driving. For example, here are some slogans which have been used by safety organizations in recent years . . . "Try Courtesy" . . . "Always Be Careful—the ABC of Driving" . . . "Public Safety Starts With You" . . . "Speed Kills!"

Simple, isn't it? But remember, get your entry in as soon as you can. Come to our showrooms this very day. Take a ride . . . write a slogan . . . and WIN A CAR!

THERE IS NO OBLIGATION OF ANY KIND. IT COSTS YOU NOTHING TO ENTER

READ THESE CONTEST RULES

1 This contest is open to any person twenty-one years of age or over, residing in the provinces of Manitoba, Saskatchewan, Alberta or British Columbia; regardless of the make of car owned, or whether entrant owns a car or not.

2 The employees of General Motors and their families are not eligible to enter this contest, nor are the employees and families of General Motors affiliated companies, advertising agency and General Motors Dealerships.

3 All entrants are required to visit an authorized General Motors Dealer and take a bona fide road demonstration in a 1938 General Motors car or truck. These include Chevrolet, Pontiac, Oldsmobile, McLaughlin-Buick, Chevrolet and GMC Trucks.

4 Each entrant receiving an application form on completing road demonstration. His slogan of not more than fifteen words on safe driving is to be filled in and the form given to the Dealer or mailed direct to General Motors Products of Canada Limited, Regional Office, Regina, Sask.

5 In the event that the winner of first, second or third prize has purchased a new General Motors car or truck during the period of this contest, the full authorized retail delivery price of the car won, at point of contest entry, will be refunded in cash by General Motors Products of Canada, Limited.

6 Entrant may use pencil, pen or typewriter. Literary excellence or "fancy" entries will not be considered. In the event of two or more contestants submitting the same winning slogan, the

prize will be awarded for the slogan received first at General Motors Products of Canada, Limited, Regional Office, Regina, Sask. A different winning slogan will be selected for each prize.

7 The Dealer himself or his authorized representative MUST COUNTERSIGN THE APPLICATION FORM TO WITNESS THAT ENTRANT HAS TAKEN A TRIAL DRIVE IN A 1938 GENERAL MOTORS CAR and is eligible to compete in the contest.

8 All entrants' statements and ideas therein become the property of General Motors Products of Canada, Limited, and may be used in any way for any purpose without obligation to contestant. No entries will be returned.

9 Completed slogan application forms will be passed on to General Motors and the final judging will be done by Hon. W. M. MARTIN, Judge of the Appeal Court, Saskatchewan; Judge W. O. SMYTHIE, Past President, Saskatchewan Motor League; Col. DENNIS RYAN, Assistant Commissioner, Royal Canadian Mounted Police; Mr. JOHN H. MACDONALD, Chairman, Highway-Traffic Board, Province of Saskatchewan; Mr. C. M. BROWSTER, President, C. M. Browster and Company, Insurance Adjusters. All judges' decisions are final.

10 Each winner will be notified by mail as soon as possible after contest closes.

11 Duration of the contest—April 15th to May 31st inclusive. No slogan may be accepted after June 7th. Each winner is entitled to only one prize.

"SALADA" TEA

World's Smallest Mother
Is Just 39 Inches Tall

Six-foot-five reporter talks things over with three-foot-three Mrs. Forbes Hendry.

It doesn't matter very much whether you stand 39 inches or 77, your ideas, habits and troubles are very much the same.

At least that seemed to be the outcome of a talk between Mrs. Forbes Hendry, who says she is the smallest mother in the world, and a member of the Times staff. The reporter is 6 feet 5 inches. He is one inch short of being double Mrs. Hendry's height.

Mrs. Hendry, her husband, and their five-year-old son, Forbes Jr., are in Victoria for the Crescent show being staged on Quadra Street at Pembroke in connection with the city's May 24 holiday.

They arrived with the 66 other

members of the company in a special train from up-island yesterday. Mrs. Hendry jumped nimbly down from a pullman car and sat in Alderman W. H. Davies's car for the interview. She looks just what she is—a miniature edition of a 35-year-old mother who is very proud of her growing son.

She puffed a cigarette and told something of her life story.

BORN IN SCOTLAND

"I was born in Edinburgh, Scotland," she said. She still retains a trace of Scottish burr, although she left Scotland when she was 15. Her voice is soft, cultivated and pleasant to listen to. "I weighed seven pounds when I

was born. I was a normal child until I had passed my fourth birthday.

"Between the ages of four and five I just stopped growing."

Her parents, her sister and her two brothers are all people of average height.

She would be a lot smaller still if her family had not done everything they could to stimulate her growth. For many years she took thyroid gland extract, and grew quite a few inches. When she was 13 she stood about an even two feet high and weighed 34 pounds.

Now she weighs 65 pounds. She says sadly she has gained 16 pounds since Forbes Jr. was born five years ago.

Her increase in weight comes from the same troubles that full-size people have to fight against. Since the boy was born she has given up dancing. Also she loves potatoes. She says a lamb chop and two or three potatoes are about all she can manage for lunch.

"Potatoes are my weakness. I think I could almost live on them," she laughed.

The tall interviewer and the short interviewee found they were on common ground on at least two points. The first was clothes.

"I have to have everything made specially," said Mrs. Hendry.

So does her interviewer. They also found they both hated pullman cars, but for different reasons; Mrs. Hendry because she has to jump to reach the step, and the Times man because few railroads have yet thought to put decent-length berths in their cars.

MARRIED 15 YEARS

Mrs. Hendry met her husband while playing on a vaudeville circuit in Georgia. He is a couple of inches taller than she is. They were married 15 years ago. They have toured every state in the United States except Maine, have been in the Bahamas, Cuba, Australia, New Zealand, Egypt, Siam, India, the Malay States, and all over Europe.

Now they want to settle down. "We're thinking of buying a little home in Vancouver if the season is good. Maybe we'll be able to make a down payment anyway. Of course, in show business things are always a bit uncertain. You can't afford to take on too many debts."

If they get their little home, Forbes Jr., who stands nearly as tall as his mother and is an exceptionally bonny-looking, fair-haired boy with clear blue eyes, will settle down and go to school.

Mrs. Hendry may even learn to drive a car.

"I've always wanted to drive," she said. "But I've been rather nervous about it. Perhaps if we got a baby car and I went out into the country to practice, I might manage."

Quadruplets Have Ninth Birthday

LANSING, Mich. (AP) — The Morlok quadruplets observed their ninth birthday today, but without ceremony; all have the measles.

Edna A., first of the four girls to arrive May 19, 1929, was first to become ill and she promptly shared her affliction with her three sisters, Wilma B., Sarah C., and Helen D.

Mrs. Carl Morlok, their mother, planned a birthday cake, without candles, because she believed the light bad for their eyes. She said the girls do not worry much about parties. They are concerned, she said, lest they fall behind in their school work and have to remain in the 2A class another term.

The octillo, a desert plant, may have as many as eight crops of tiny leaves in a year, depending on the number of rainy seasons.

Welcoming the Straw Hat Season in a Big Way

Just in case anyone had forgotten that summer is almost here, Long Beach, Calif., rounded up 50 beach beautifiers to pose for this picture and remind one and all that it is high time to discard the old felt and step out in something snappy in the way of a straw topper. If you like statistics, this skimmer is 70 feet in circumference, size 139. And Jane Lawson is the pert young pretty perched atop the oversized chapeau.

HEALTH DAY AT LUXTON JUNE 3

Five Schools to Compete in Sports For Cups and Shield

LUXTON—The tenth annual Health Day under the auspices of the Esquimalt Rural Nursing Service will be held this year at the Luxton Playgrounds, on Friday, June 3. Schools competing will include Langford, Happy Valley, Goldstream, East Sooke and Shirley.

A well-rounded program of field sport is planned commencing at 1.30. The schools will compete for the Mrs. Herbert Pendray Challenge Cup, the Schwenger Cup for boys, and the Dola Dunsmuir Poster Shield. The trophies are now held by the Langford and Happy Valley Schools. L. B. Matthews, principal of the Happy Valley School, is sports convener.

Health Day also includes the awarding of prizes in the slogans, essays and poster contest, competed for by the five schools served by the Nursing Service. The subjects are: "Common Cold, Its Prevention and Cure" and "Teeth and Their Care."

An important event will be the 400-yard relay, open to teams from nearby health districts for the Provincial Board of Health Cup, now held by Saanich.

Afternoon tea will be served by members of the Luxton and Happy Valley Women's Institute.

Letters to the Editor

SUSPECTS A HUMORIST

To the Editor:—To some the irony in Mr. Leo Marston's letter, "Viva Christo Rey" and "False Neutrality," may seem overdone. Those, however, who are familiar with the Fascist custom of giving forth an almost complete inversion of the real facts as the truth, will agree that this is hardly possible. If Mr. Marston could do this sort of thing verbally—with a straight face—he could easily become a world-famous humorist. Another Mark Twain. As a poker-faced platform raconteur of "tall" stories, fortune awaits him. T. H. TOYNEBE.

FOR UNIFICATION

To the Editor:—In an Ottawa dispatch Mr. Fairweather of the C.N.R. said he could "see no possible economics, under unification which could not be affected by co-operation" between the two separate systems. If he means that co-operation, unification and amalgamation are the same things, under different names, as would ultimately no doubt be the case in any mix-up of the systems, then I agree with him.

We have to get down to realities and forget about ideals such as "the people's railway," and any poetic names for the greatest financial burden Canada is bearing today. I fear the leaders of the C.P.R. will not make much impression on the "old ladies" of the Senate when they present their case to them. The senators are "dyed-in-the-wool" politicians and are the opposite of their matter-of-fact common-sense businessmen. So it would seem a more or less hopeless task for the C.P.R. Mr. Fairweather's remarks that the C.P.R. has not yet agreed to abandon a mile of its main lines which parallel the C.N.R. main lines. Well, the C.N.R. did all the duplicating. Surely it would be unfair to force the railway that was there first to give up its line. I wonder if there is any sane businessman in Canada who thinks the country would have had its present towering national debt and be less prosperous if the C.P.R. had had, from the start the management of our railway system.

The sooner unification (or whatever title you choose to give it) comes, the better. I hope it is not already too late.

H. LECKIE EWING.
500 Transit Road.

CRUDE PETROLEUM

OTTAWA (CP)—Canada's production of crude petroleum and natural gas reached a new high monthly record in March, the Dominion Bureau of Statistics reported today. The output was 480,083 barrels against 176,657 in March, 1937.

Petroleum exports in March were valued at \$109,839, compared with \$26,431 in February, and imports \$2,532,783 against \$2,085,672.

Production of natural gas in March amounted to 2,175,266,000 cubic feet, compared with 2,839,000,000.

A Chicago research worker has developed a process for preserving the dead which he believes would keep the features of famous persons as in life indefinitely.

There are 20,000 dog breeders in England, doing a combined annual business of \$2,500,000.

I.O.D.E. Will Entertain Visitors

National Delegates Coming June 3; Luncheon Planned

Arrangements for the entertainment of the National Chapter delegates who will visit Victoria on June 3 were made at a meeting of Municipal Chapter I.O.D.E. last evening at headquarters, the regent, Mrs. Kyrle Symons, in the chair. In honor of the visitors a luncheon will be held at 12 o'clock at the Beach Hotel and later the guests will be taken for a drive to "Benvenuto," where Mrs. R. P. Butchart will entertain them at tea.

Mrs. Ernest Eve, convener of arrangements for Victoria members to attend the National Chapter meeting in Vancouver, asked that those wishing to go telephone her at Empire 2117.

EMPIRE SERVICE

An Empire service will be held on Sunday, May 22, at the Metropolitan United Church, Camosun Chapter in charge of arrangements. On May 23 the Empire Day service will be held in Parliament Square, the standards to be there at 9.45 a.m. Primary standard bearers were asked to be at Metropolitan Church on Sunday, May 22, at 10.45 a.m.

Eleven chapters were represented at the meeting. Reports were read by officers and conveners of committees. The educational secretary asked for donations for Miss Gordon's fund. The Girl Guides' secretary asked for donations for the door for the guides' summer camp, and the Soldiers' Graves convener requested donations for carrying on the work. Two graves will be repaired.

ALEXANDRA ROSE DAY

Arrangements were made for Alexandra Rose Day on June 25, the Municipal Chapter officers to be in charge, and the I.O.D.E. rooms will serve as headquarters. Mrs. A. E. Catterall is in charge of arrangements for the Empire Day luncheon at the Hudson's Bay Company on Monday, May 23.

Miss M. Lee, convener of arrangements for the National delegates' luncheon, asked that reservations be made with her by telephoning Empire 5044.

At the opening of the meeting a silent vote of sympathy was passed to Mrs. J. T. Jones in the loss of her mother, Mrs. McMillan.

Married 71 Years and Happily

Vancouver Couple Give Recipe For Marital Bliss

VANCOUVER (CP)—Mr. and Mrs. Henry Cranswick, married 71 years ago today, don't believe in divorce.

That's what they told interviewers as they waited for a celebration with their sons, daughters, grandchildren and great grandchildren.

"We don't hold with divorce," said Mr. Cranswick, who climbed to the roof of his house yesterday despite his 93 years.

"We believe in peace of mind, contentment and plenty of give-and-take. If you have that you can stay happily married for a century. Isn't that right, Mary?"

And Mrs. Cranswick, 96, nodded her white head and pointed to pictures of her sons and daughters on a wall.

"They're good children, all of them," she said. "They never forget us."

Mrs. Cranswick spoke of her sons. The eldest, William Henry, is a "young monkey" of 70, who lives in Hull, Yorkshire. The others are Harry, Percy and Arthur, all in the 60's, but "good, steady lads."

"I never have much trouble with them," he said. "We raised them with kindness and understanding. They're all grown up now and know how to behave, I guess. They don't stay up late and rush about like some of these young rips today."

Mr. and Mrs. Cranswick came to Canada from their native Yorkshire in 1888. They speak often of Driffield, Yorkshire, where they were married in 1867, the year of Canadian Confederation.

When they first came to Canada Mr. and Mrs. Cranswick settled on a farm north of Brandon, Man. They moved to Vancouver 25 years ago.

Both are in good health, and when it is fine Mr. Cranswick spends most of his afternoons hoeing and weeding in the garden. They have not been to a motion picture since "talkies" were introduced.

Convened Dutch Treat Tea

Mrs. H. A. Stuart, who convened the tea arrangements at the very successful "Dutch Treat" tea which the Dr. O. M. Jones Chapter I.O.D.E., not the Florence Nightingale Chapter as inadvertently stated yesterday, held at the Jubilee Nurses' Home on Wednesday afternoon.

Society

Miss Evelyn Gray, who has been staying with Mrs. R. J. Smith, Langford Lake, for some time, has returned to her home in Victoria.

Mr. and Mrs. Frank J. Burd of Vancouver were visitors in Victoria yesterday for a short time, while en route home from a trip to Mexico.

Mr. and Mrs. T. H. Smallwood, who have been residing at Burnside for many years, have left for Regina, where they will visit relatives en route to make their home in Somersetshire, England.

Mr. Richard B. George of the staff of the Bank of Nova Scotia, Winnipeg, has been visiting his mother, Mrs. F. W. B. George, Dallas Road, will leave on Monday for Manitoba.

Mrs. W. H. Munsie of Shawinigan Lake has staying with her for a couple of weeks her sister, Mrs. Bennett of Hastings, Nebraska, who arrived at the beginning of this week from her home in the States.

Mr. and Mrs. E. Williams of San Francisco are honeymooning in Victoria, guests at the Empress Hotel, after motoring from the south. The bride was formerly Miss Alice Spaney of San Francisco, where their marriage took place at the Presbyterian Church on May 14.

Miss Doreen Dodsford and Miss Phyllis Dodsford left Wednesday afternoon to attend the King's Daughters' convention in Vancouver. They will be the guests of Capt. and Mrs. W. F. Billington, and will also visit their aunt, Mrs. A. Norris, Westminister, before returning to their home in Victoria.

Mr. and Mrs. S. P. Langley of Vancouver left today for the mainland after spending the last week in Victoria, visiting Mrs. Langley's mother, Mrs. George Piercy. Mr. Langley returned recently from a trip to the Far East, during which time he visited in Java, Siam and India. While Mr. Langley was abroad, Mrs. Langley visited in California.

The christening of the infant daughter of Mr. and Mrs. Thomas Hurly, 767, Victoria Avenue, took place on Sunday afternoon at St. Mary's Church, Oak Bay, Archdeacon A. E. de L. Nunn officiating. The baby received the names Patricia Zela, and wore a christening robe which has been in the family for many years.

The godparents were Miss Marion Bell and Miss Thelma Williams, who stood proxy for Miss Kathleen Hurly and Mr. Richard Williams. Following the ceremony tea was served to relatives and intimate friends. The lace-covered tea table was centered with a beautifully decorated christening cake with silver vases of lily of the valley at each end. Mrs. Hurly was assisted in serving by the godparents.

Hon. John Hart, Minister of Finance, and Mrs. Hart left this afternoon for Qualicum to spend the week-end.

Mrs. Clarence Ray of Vancouver has returned to her home after spending a few days with her parents, Mr. and Mrs. George Brown, Beach Drive.

Mr. J. B. McCord of Coleman, Texas, and Mr. Sid Bateman of San Bernardino, Calif., who arrived on Wednesday on the Empress of Canada from a trip to Honolulu, and have since been the guests of Mr. Newton Cameron, Gorge Road, left this afternoon for their homes in the States.

In honor of Miss Estelle Wilkinson, whose marriage to Mr. Carl Corbett will take place on Saturday, a miscellaneous shower was held on Wednesday evening by Miss Ellen White at the home of her parents on Burke Street. During the evening games were played, the winners being the Misses M. Alexander, D. Bligh and I. Isbister. The invited guests were Mesdames C. Woolley, W. Alexander, Bradbury, C. White, E. Wilkinson, E. Wilkinson Jr., M. Moule, D. McLaughlin, M. Shaw, Jorgenson, H. Anderson, A. Brookman, B. Pringle, G. White, E. Alexander, and the Misses M. Woolley, J. Woolley, M. Alexander, K. Alexander, E. Anderson, L. Anderson, I. Isbister, M. Wilkinson, E. Wilkinson, D. Bligh, M. Jorgenson, S. Page, D. Page and E. White.

Miss Marion Nancarrow, whose marriage to Mr. Herbert Bickford will take place soon, was honored at a surprise shower recently when Miss Edith Nix and Miss Jane Trotter entertained at the home of Mrs. Arthur Leason, Albert Avenue. Pink roses and lilies were prettily arranged in the living room. Upon her arrival, Miss Nancarrow was given a fragrant corsage bouquet of Talsman roses, and lily of the valley. The bride-elect later received a beautiful dinner set in a box decorated with yellow crepe paper to resemble a package of butter. Various games were much enjoyed, the winners being Misses Florence Siddal, Eva Mason and Patricia Phipps, while Mrs. H. Nancarrow Sr., Mrs. R. Tubman and Mrs. J. Griffin drew the consolation prizes. A buffet supper was served in the evening. The guests were: Mesdames H. Nancarrow Sr., E. Wildig, A. M. Trotter, R. Tubman, B. Stewart, J. Griffin, M. Nix, M. Reid, H. Nancarrow Jr., and A. Leason, and Misses Margaret Thompson, Florence Siddal, Phyllis Hawkes, Helen Ritz, Dorothy Gawley, Josie Griffin, Bessie Cruickshank, Anne Nix, Patricia Phipps, Barbara Follard, Peggy Groom, Edith Evans, Milly, Williams, Biddy Boyce, Ruth Pearce, Joan Bridges, Muriel Rodman, Eva Mason and Ada Trotter (Toledo, Ohio).

The parlor meeting of the Frances Willard W.C.T.U. held at the home of Mrs. A. H. Rogers, Summit Avenue, was a success. Rev. Jas. Hood, as guest speaker, took as his text: "Jesus Christ Was Made Manifest to Destroy the Works of the Devil," and went on to enumerate some of the worst and most soul-destroying works of his Satanic Majesty. First and worst, he maintained, was the liquor traffic with all its attendant and accompanying evils.

Mr. Hood read Dr. R. J. McIntyre's deductions: "According to those deductions if applied practically, we can readily see that the first person to profit by the prohibition of the liquor traffic would be the business man."

Mr. Hood also spoke of the

Want Voice In Party Affairs

Liberal Women Of Canada At Ottawa Meeting

OTTAWA (CP)—The National Federation of Liberal Women, opening a two-day convention here today, at its first session prepared to demand a larger voice for women in party affairs.

This keynote was sounded by Senator Cairine Wilson, acting president, when she said women candidates were generally nominated by Canadian political parties in ridings in which they had little chance of success.

"It is difficult for women to obtain nominations and we are still asking that we be given an equal voice in the choice of candidates," she said.

The unanimous report of the organization committee, convened by Mrs. J. A. Marshall, New Glasgow, N.S., said: "The committee recommends that women work for equal voice with the men in the selection of candidates and to explore the fact that women are not given equal opportunity with the men to contest Liberal Party nomination conventions."

This report, presented at the morning session, was adopted unanimously without discussion.

W.C.T.U. Parlor Meeting Success

The parlor meeting of the Frances Willard W.C.T.U. held at the home of Mrs. A. H. Rogers, Summit Avenue, was a success. Rev. Jas. Hood, as guest speaker, took as his text: "Jesus Christ Was Made Manifest to Destroy the Works of the Devil," and went on to enumerate some of the worst and most soul-destroying works of his Satanic Majesty. First and worst, he maintained, was the liquor traffic with all its attendant and accompanying evils.

Mr. Hood read Dr. R. J. McIntyre's deductions: "According to those deductions if applied practically, we can readily see that the first person to profit by the prohibition of the liquor traffic would be the business man."

Mr. Hood also spoke of the

cigarette habit, especially the effects on the young mothers; he told of one whose baby was born with badly-infected eyesight and would probably become blind. Her medical attendant said it was caused by the mother smoking cigarettes. The speaker emphasized, the responsibility of the ministers and church members concerning these things.

Mrs. Dearborn gave a fine reading from "Blackrock," by Ralph Connor. Mrs. F. W. Laing announced the coming of Mrs. Knight, Dominion W.C.T.U. president, on May 30, when she will address a mass meeting in Metropolitan Church.

Mrs. Northam moved a hearty vote of thanks to the entertainers

and all who came and made the afternoon a success. Refreshments were served by the members and a social hour spent.

C.Y.O. SILVER TEA

St. Andrew's Catholic Youth Organization will hold a silver tea on Sunday afternoon at the home of Mrs. K. T. Hughes, 1259 Richardson Street. All interested will be welcomed.

TOMMY-COME

DOWN OUT OF THAT TREE! IT'S SUPPER-TIME!

OKAY, MOM, IF I CAN HAVE KELLOGG'S CORN FLAKES!

YOUNGSTERS love Kellogg's Corn Flakes any time of day. With milk or cream they're delicious, nourishing and easily digested. Little folks sleep better after such a supper.

Be sure to order Kellogg's Corn Flakes and keep a stock on hand. Everybody loves their flavor and crispness. Sold by all grocers, oven-fresh and ready to serve. Made by Kellogg in London, Ontario.

Weddings

BOOL-BELL

St. Andrew's Church, Nanaimo, was beautifully decorated with flowers last night for the marriage of Dorothy Lillian, youngest daughter of Mr. and Mrs. James Bell, and the groom, Mr. Henry George William Bool, youngest son of Mr. and Mrs. H. J. Bool.

The bride, given in marriage by her father, wore a gown of ivory satin, its umbrella skirt inset with rows of rare lace, with matching lace in the collar and on the sleeves. Her embroidered veil was shirred to a coronet of orange blossoms, and she carried a shower bouquet of sweetheart roses, lily of the valley and gardenias.

Her sister, Miss Myrtle Bell, was maid of honor in an imported gown of dusty pink net over taffeta, with crownless poke bonnet trimmed with pink and blue forget-me-nots and velvet streamers. Blue sandals and pink lace mittens, and an arm bouquet of pink African daisies, carnations and blue iris, completed her attire.

Little Dona Grace Wilson, niece of the bride, was flower-girl, wearing a French frock of azure blue silk net over taffeta. She carried a nosegay of tiny rosebuds and lily of the valley. Mr. J. Hawthornwaite, Chemainus, was best man.

Mr. Andrew Dunsmore was at the organ, and Mrs. F. L. Reynolds sang "At Dawning" during the signing of the register.

After a reception at the Eagles' Hall, attended by about 150 guests, Mr. and Mrs. Bool left later for Victoria en route for a motor trip via Seattle to southern points. On their return they will make their home in Courtenay, V.I.

SOCIETY

Miss Nellie Snyder of 837 McClure Street left on this afternoon's boat for Vancouver, en route to southern Manitoba, where she intends to holiday for six weeks.

Mrs. E. P. Marston of Ashcroft, who has been visiting her parents, Mr. and Mrs. J. E. Wilson, St. Charles Street, for the last three weeks, will leave tonight for her home in the interior.

Mrs. J. F. O. Wood, Island Highway, has returned from an enjoyable trip to Everett and Seattle. During her stay she visited some of the leading kennels in these cities.

Mr. Bill Mearns and Mr. Harry Mearns, the Uplands, who left here a couple of weeks ago by motor for Los Angeles to spend a vacation in the south, are en route home and will return to Victoria tomorrow.

The engagement is announced in Vancouver of Alma, second daughter of Mr. and Mrs. William Stanley of Burnaby, to Mr. Nicolas Russell of Victoria, son of Mr. and Mrs. James Russell, Dunfermline, Scotland. The wedding will take place on June 11 in St. Michael's Anglican Church, Burnaby, at 8 o'clock.

Mrs. G. Hiqueran, William Street, Victoria West, accompanied by her two daughters, Margaret and Eva, left yesterday afternoon for Great Britain, where they will visit relatives and friends for the next five months. Mr. Hiqueran accompanied them as far as Vancouver. A large number of friends were at the wharf to bid the travelers "bon voyage."

Governor's Niece

At Graduation

TORONTO (CP)—The Lieutenant Governor of Ontario beamed when last night Miss Jean I. Matthews of Vancouver received her pin and diploma at the graduation exercises of the Toronto General Hospital School of Nursing. "That's my niece," Hon. Albert Matthews remarked proudly to a reporter. The audience in Convocation Hall applauded as Miss Matthews shook hands with Miss Matthews. Earlier he had told the gathering that it was a "big day" for his family—the graduation of his niece and the birthday of his wife, Mrs. Albert Matthews, who presented the pins and diplomas and whispered a word of praise to each nurse.

Miss Matthews' mother, Mrs. Jean Matthews of Vancouver, was present to see her daughter graduate.

Tea Materially Aids Sea Scouts

The silver tea held at the home of Mrs. Alfred Woodcroft, Windsor Road, on Wednesday afternoon in aid of the Oak Bay Sea Scouts W.A., was a success both socially and financially, the sum of \$37 being realized for the work.

The reception rooms and tea table were attractively arranged with masses of early summer flowers. Mrs. Woodcroft, president of the auxiliary, welcomed the many guests and was assisted by Mrs. R. F. Blandy and Mrs. J. T. Stonehewer, the joint conveners. Mrs. E. W. Bourque was at the receipt of customs.

Dainty home cooking found ready sale at the table in charge of Mrs. C. S. Pilling and Mrs. H. Peterson, assisted by Mrs. J. A. Whitehead and Mrs. Banks. Assisting in serving tea were Mrs. E. Jewell, Mrs. E. A. Carter, Mrs. H. Firth, Mrs. M. Hope, Mrs. G. M. Brown and Mrs. C. R. McAllister. Mr. C. H. Hensley, president of the Boy Scouts' Association, had charge of the electric clock contest, which was won by Mrs. D. Mitchell.

BEAUTICIAN IS VERY POPULAR

"What do you consider the most important thing in your business?" the Hinds reporter asked one of the city's most popular beauticians. "Hands, by long odds," she replied. "And it was a touchy client who made me realize it. This client nearly drove me to distraction. I was puzzled—until she made a remark about my rough hands. Until then I had never thought anyone could call my hands 'rough.' I thought they were quite nice. So then and there I began a search for something that would keep my hands beyond reproach from the most particular client—and I found it in Hinds Honey and Almond Cream. Really it was amazing what a rapid improvement came when I began using Hinds. The lotion is so rich and creamy. It has Vitamin D in it, too, and I suppose that has a great deal to do with the result. And now I'm proud of my hands. They are always so soft and smooth."

You can purchase Hinds Honey and Almond Cream at any toilet goods counter. Attractively packaged. Convenient sizes. Economical to use. Buy a bottle today. Make your hands lovely, too. (Adv.)

Lt.-Governor To Welcome Delegates

At National Council Convention In Mainland City

VANCOUVER (CP)—The Vancouver Local Council of Women has put finishing touches to its plans for entertainment of delegates to the forty-fifth annual meeting of the National Council of Women to be held here between May 23 and 28.

Lieutenant-Governor Eric W. Hamber will welcome the delegates at the formal convention opening Monday afternoon, May 23. Mayor George C. Miller of Vancouver will represent the city and Mrs. Thomas Bingham, president, will represent the Local Council.

The opening session will hear greetings by radio from the Dowager Marchioness of Aberdeen, founder of the International and National Councils, who will speak from her home, Gordon House, in Aberdeenshire.

Monday evening the delegates will attend a formal reception arranged in their honor by the British Columbia government.

Those who arrive here Sunday will be invited to attend a tea. Two of the seven national vice-presidents—Mrs. Paul Smith, M.P.P., and Mrs. A. C. Bagley, both of Vancouver—will be present.

On May 24 the convention will set aside its business and travel to Victoria, where delegates will be entertained by the Victoria Local Council, driving out to Butchart Gardens, then to "Apple-garth," Sidney, for high tea, as guests of Dr. Olga Jardine and Mrs. Snape. Business sessions resume Wednesday morning, May 25.

At noon, Wednesday, the Vancouver Women's Canadian Club will hold a luncheon for visitors, and that evening General Victor Odium, member of the Canadian Radio Commission, will address a public meeting.

Thursday the delegates will be served tea aboard the Canadian

Pacific Railway's Trans-Pacific liner Empress of Canada.

Friday Stanley Park will be the venue of a luncheon given by the Provincial Council of Women and the civic parks board. On Saturday the New Westminster Council of Women will be host to the delegates. Concluding the convention will be a meeting here Sunday under auspices of the district Women's Christian Temperance Union.

Scholarship For Lois Hamblett

The May meeting of the Victoria Music Teachers' Association was held on Wednesday evening at the Y.W.C.A., with the president, Mr. Reginald Cox, in the chair. Following the secretary's and treasurer's reports, plans were discussed for the holding of musical evenings during the winter months. A committee will be formed to arrange the programs.

Announcement was made that as a result of the adjudications at the recent Musical Festival, the association scholarship has been awarded this year to Miss Lois Hamblett. Mr. and Mrs. Cox have kindly extended an invitation to the members to attend a social evening at their house on May 31. The June general meeting will be held in the morning.

Many Women In Government Jobs

WASHINGTON (AP)—The United States Government hires women nowadays to do everything from feeding mice to inspecting submarines and keeping lighthouses.

Among the unusual government positions now held by women, the report listed "irrigation engineer, blacksmith's helper, senior airplane mechanic, surveyor's rodman-chainman and stockman of technical stores, bolts and nuts."

More than 250 women—rural mail carriers travel many miles daily by horseback or automobile in sparsely-settled regions.

Blizzards Sweep Montana Areas

HELENA, Mont. (AP)—Blizzards in mountain areas and heavy rains in the lower country swept Montana today, breaking communication lines between many cities and halting all air travel.

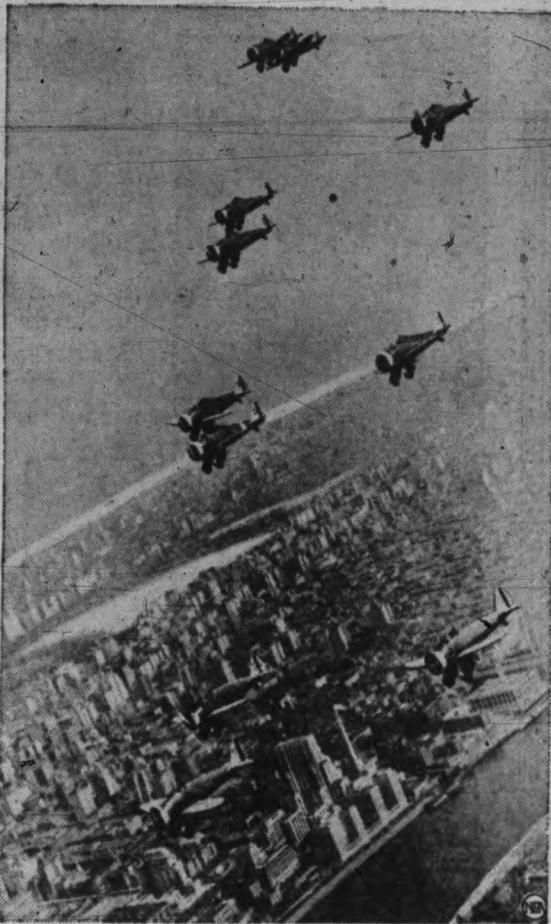

Heavy snows on mountain passes broke down most tele-

phone and telegraph lines into Helena and Great Falls.

COLWOOD

The annual garden fete sponsored by the Colwood Women's Institute, will be held at Hatley Park, Wednesday, July 6. Plans for the fete were discussed at the regular monthly meeting of the Colwood Women's Institute Monday evening.

Wasps Over Manhattan

Darting through the sky above America's largest city, these swift pursuit planes gave New Yorkers a demonstration of the sort of defence the U.S. Army would put up if real enemy bombing planes attacked Manhattan. Actually, the planes were chasing an imaginary enemy during G.H.Q. air manoeuvres at Fort Totten, Long Island. The East River is seen in the foreground, the Hudson in the background, and Central Park Reservoir in the centre.

DELEGATES ARE CHOSEN

Local Conservatives Name
Four For National Conven-
tion Trip

Four delegates from the Victoria Conservative Association to the party's national convention at Ottawa July 3 were chosen at an extraordinary meeting last night. They were Mrs. R. F. Green, Miss Lottie Bowron, Dr. E. W. Boak and Warwick Rawson. Alternates are Mrs. S. R. Bowden, Mrs. T. Hammett, Brigadier J. Sutherland Brown and Capt W. Kirby.

A resolution on the Oriental question, sponsored by W. H. M. Haldane, was passed unanimously, reading: "Resolved that the Conservative Party will oppose, within treaty obligations, further Oriental immigration into Canada, and will seek every proper means to reduce the quota permitted under present regulations."

It will be forwarded with other resolutions on policy to the convention. Names of seven of the Junior Conservative Association members will be forwarded to a B.C. executive meeting here on June 4 as candidates for a young Conservative delegation from the province as a whole. They are W. Rawson, Bruce Mickleburgh, Edward Robertson, Frank Montgomery, Miss Ruth Parr, Miss Ruth Rogers and Miss Molly Edgar.

Herbert Anson, M.P.P., predicted a Conservative win in the Dewdney by-election. J. A. Fraser, former member for Cariboo, was introduced.

A resolution of sympathy to Rt. Hon. R. B. Bennett on the death of his sister, Mrs. W. H. Herridge, was passed.

HAPPY VALLEY

At a card party under the auspices of the Luxton and Happy Valley Women's Institute, prizes were awarded to Mrs. T. Madders and H. Walker for high score. Low score was held by Miss A. Marcotte and J. Trace.

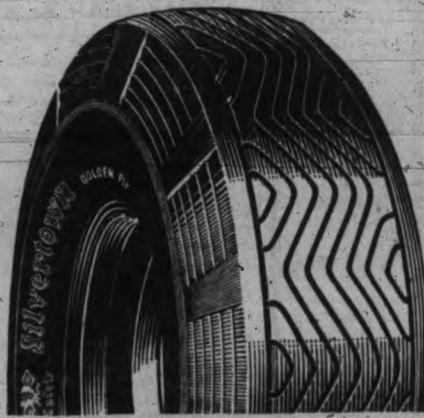

The monthly meeting of the Happy Valley Parent-Teacher Association was held Tuesday evening in the school.

P. E. George, honorary president of the association, discussed the benefits and advantages to be derived as a member of the Provincial Parent-Teacher Federation.

A method for transporting the High School students was discussed. School Inspector Gamble was present.

A committee was formed to look after the refreshments for the children at the annual health day.

NEW TIRE SENSATION

REDUCES DANGER OF SKIDDING AS
NEVER BEFORE...Here's the evidence.

Amazing Life-Saver Tread Gives You Quickest, Safest Stops on Wet, Slippery Roads

WHEN you're driving on slippery, rain-drenched roads think what you'd give to turn the wet road under your car into a "dry" track. That's exactly what this new Silvertown Life-Saver Tread does...because every inch of this new wider, flatter tread is specially designed to DRY the road...give you the quickest non-skid stops you've ever seen!

And remember, this new skid-

protected Goodrich Silvertown also has the famous Golden Ply blow-out protection. Thus you get two great life-saving features—at no extra cost!

Get the thrill of a lifetime. Come in today for a free safety demonstration. Ride on this new Goodrich Safety Silvertown. Feel the amazing Life-Saver Tread in action. See what it means to be saved by a Silvertown stop.

2 LIFE-SAVING FEATURES... AT NO EXTRA COST!

ACTS LIKE A BATTERY OF WINDSHIELD WIPERS

The never-ending spiral bars of the Life-Saver Tread sweep the water right and left—force it out through the deep grooves—make a dry track for the rubber to grip.

GIVES YOU GOLDEN PLY BLOW-OUT PROTECTION

Every Goodrich Safety Silvertown is constructed with the famous heat-resistant Golden Ply—that gives you and your family real protection against dangerous high-speed blow-outs.

SNAPSHOTS ARE TOO PRECIOUS TO TAKE CHANCES ON FILM!

Picture-takers everywhere have found the safe, sure means to better pictures in Kodak Verichrome Film

NOBODY wants to take chances on snapshot failures. Those pictures you'll take this week-end can mean so much!

Making your snapshots with Kodak Verichrome Film is the surest step you can take to ensure successful results. Back of every roll of Verichrome is more than fifty years of photographic research and experience. That is why all over the world picture-makers depend upon the uniformly high quality of Kodak Verichrome Film—why most snapshots are made with Verichrome. Always load your camera with Kodak Verichrome Film. Ask for it by name. Nothing else is "just as good."

In Canada KODAK is the registered trade mark and sole property of Canadian Kodak Co., Limited, Toronto, Ontario.

"Did we go places? Look... Nothing tells the story like a snapshot—use your Kodak now."

"What a darling she is!" They never grow older in snapshots.

MADE IN CANADA

ACCEPT NOTHING BUT THE FILM WITH THE TRADE MARK KODAK ON THE BOX

EVERYBODY'S ON THE GO

Be sure to make a snapshot record of your fun this week-end. Nature's putting on a show—it's time to get out and see it. With the camera ready... So, don't forget the Kodak this week-end. And take plenty of Kodak Verichrome Film—three or four rolls won't be too many. The snapshots you'll want tomorrow, you must take today.

KODAK VERICHROME FILM

WITH FREE ATTACHMENTS

Greatest vacuum cleaner bargain in town, the famous Royal Special has been redesigned and improved for 1938! An extra wheel on the chassis makes it easier to manoeuvre... an automatic tilting device makes it easy to clean small rugs... a new all-rubber extension cord has been added and an improved handle grip has been designed.

A set of attachments for cleaning Chesterfields, draperies and everything above the floor is included FREE. Easiest of monthly terms may be had, and a down payment of as little as \$2.00 will put one of these modern, labor-saving cleaners in your home. The cash price is only \$35.95.

News of Clubwomen

On Monday at 6:30 p.m. the First United Young People's Society will hold its closing banquet. Rev. Dr. W. G. Wilson will be the special guest, and all members are urged to attend.

Juvenile Daughters of England, Princess Margaret Rose No. 40, will hold church parade on Sunday, members to meet at Christ Church Cathedral at 7 p.m. The monthly meeting will be held at Sons of England Hall at 7 p.m. Wednesday evening, May 25, with concert after the meeting.

Daughters of England, Lodge Primrose No. 22, held their regular business meeting recently, Mrs. P. Humber presiding. The annual church service will be held on Sunday at Christ Church Cathedral, members to meet at Quadra and Courtney Streets at 7 p.m.

The May group of the Victoria City Temple Birthday Club held its last meeting at the home of Mrs. I. Smith, in order to complete arrangements for a radio station "broadcast." Many puzzling questions and interesting contests have been drawn up for this novel idea. The "broadcast" will take place tonight in the City Temple social hall. Prizes will be awarded to those contestants who are successful. A novelty in refreshments is being prepared for the occasion and a pleasant time is in store for all who attend.

The Gleaners' Mission Circle held their monthly meeting at the home of Miss Gladys Schroeder, 1319 Bay Street, Wednesday evening. The worship service was conducted by Misses Marjorie Morris and Edna Maundrell; a temperance talk being

given by Miss Cora Wharton. Plans were discussed for the silver tea which is to be held at the home of Mrs. M. L. McLennan, 311 Vancouver Street, on Saturday, June 4. The speaker was Miss M. Caldwell, who gave an interesting description of missionary work carried on in northern Saskatchewan. The meeting was closed by the Mizpah benediction, after which refreshments were served.

Fairfield United Church W.M.S. met yesterday afternoon at the home of Mrs. M. I. McBride, Vimy Street. Mrs. F. McPhee conducted the devotional period, taking as her theme, "The Church and World Peace," assisted by Mrs. E. P. Siddall, who gave the Scripture reading, Mrs. O. I. Gould and Mrs. McPhee conducted an interesting question and answer period on the theme, Miss Edith Hopkins read "The Light of the Mind," and illustrated her reading with descriptions of colleges and schools in the mission field which had made good progress since their establishment. Mrs. Gerald Green, the president, conducted the business session, Mrs. B. C. Wright reported 40 calls paid; Mrs. Bohlender reported having sent out nine bundles of papers and magazines; Mrs. Moon asked for supplies and Miss Estelle Clark reported an increase in membership of the mission bands. The meeting closed with a prayer for world peace. Tea was served by Mrs. Siddall, Mrs. McPhee and Mrs. McBride. Mrs. S. J. Jackson moved a vote of thanks to the hostess.

The Daughters of St. George, Victoria Lodge No. 83, held their regular meeting at the S.O.E. Hall Wednesday, May 18. Mrs. J. Osborne, president, being in the chair. The election of officers took place as follows: Mrs. E. Nunn, P.P.; Mrs. J. Osborne, president; Mrs. A. Haynes, vice-president; Mrs. A. Pitney, treasurer; Miss E. Reed, financial secretary; Mrs. A. Harris, record-

ing secretary; Mrs. R. Williams, first conductor; Mrs. R. M. Wright, second conductor; Mrs. H. Penketh, inside guard; Mrs. L. Morgan, outer guard; Mrs. B. Harper, chaplain; Mrs. K. Galger, pianist; Mrs. J. Bryant, Hooper, trustees; auditing committee, Mrs. M. Smith, Mrs. A. Gurney and E. Nunn. A rummage sale will be held Saturday, May 28, at 514 Fort Street, any member having articles for sale please get in touch with Mrs. J. Osborne, phone E1257. Any member or friend going to Seattle with the lodge, June 2, is requested to get in touch with Mrs. A. Gurney, G4638, not later than Wednesday, May 25. After the meeting refreshments were served.

Find Quints In Perfect Health
CALLANDER, Ont. (CP)—The Dionne quintuplets, given practically no chance of survival at their birth four years ago, today are in perfect health and are "perfectly normal children in respect to physical development," according to three noted specialists. Cecile, Emilie, Annette, Yvonne and Marie yesterday went through as rigorous a physical examination as children ever undergo. For two hours, one at a time, the quints paraded before the doctors in a periodical checkup, 11 days before their fourth birthday, May 28.

Examiners were: Dr. Alan Brown, professor of pediatrics at the University of Toronto; Dr. G. E. Hill, one of Toronto's best known eye specialists; and Dr. William A. Dafoe, also of the faculty of the University of Toronto. Dr. Dafoe is a brother of Dr. A. R. Dafoe, personal

CATHOLIC C.Y.O.
An important C.Y.O. meeting of Our Lady of Lourdes parish will be held tonight at 8 at the home of D. McCabe, 1039 Foul Bay Road.

Sixteen For King's Plate

Sports Mirror

By PETE SALLAWAY

BILLY BUXTON is returning to the fistic wars. Victoria's terrific punching young featherweight is going to resume his Pacific Northwest campaign just where he left off by going into the ring at Seattle against Umio Gen, Japanese flash, the evening of May 31. Buxton fought the tough Umio for seven rounds with only one hand last December and won plaudits for his gameness. When Billy busted his left duke, his hardest punching flipper, on the Korean's head in the third round of their mix after knocking the Japanese down three times, he didn't blow up or quit. He fought all the harder and faster. He used his broken hand to protect himself and waded on to earn himself a draw. But that damaged mitt put Buxton on the shelf for five months.

Billy has made himself a host of friends in Seattle and he would have been fighting main events and windups in Seattle right along during the winter indoor season. The Victoria youngster is not only a puncher, but a fast, shifty little boxer. He is said to be one of the best-looking little fellows to come along in the northwest for years and with his wallop can stand up and give any of them at his weight a battle.

Promoter Nate Druxman has some promising bouts lined up for Buxton if he can get over Gen. There are some excellent little men on the Pacific Coast right now. Pablo Dano, former bantamweight champion of the world, who is campaigning among the feathers, headlines a card against Johnny Brown in Hollywood tonight, and the winner of this bout is available for a fight with Billy Buxton. Both these men are rated top-notchers.

According to reports from Seattle, Billy had a plenty tough decision to make last week. He was torn between the desire to centre his fistic career in the northwest under the guidance of promoter Druxman or follow a call to California and place himself under the management of "Pop" Foster, who guided Jimmy McLarnin to the world welterweight championship. Foster has been trying for some time to coax Buxton into his stable of scrappers.

After going into conference with Druxman on the offer Billy had, the Seattle promoter made the following announcement: "Buxton told me inasmuch as Freddy Steele was able to climb into the world championship from the northwest and inasmuch as Al Hostak and Bill Boyd seem to be coming along nicely, he will follow their footsteps."

There is no doubt Buxton would have stood a great chance to go places under the guidance of such a famous manager as Foster. He would have been certain of getting a square deal from the veteran handler. Foster has been through the mill and there are no angles of the fight game he is not familiar with. When he handled McLarnin, the wily "Pop" was noted for driving a hard bargain for his boy, and he would have done the same for Buxton. But I guess Billy knows his own business best and figures he is making the right move by remaining in the northwest for a while longer at least.

BOXING
Saginaw, Mich.—Marty Simmons, 165, Saginaw, outpointed Sammy Slaughter, 163, Terre Haute, Ind. (10).

Atlanta—John Henry Lewis, 182, lightweight champion, knocked out Elmer Ray, 193, Tampa, Fla. (12).

Portland, Me.—Paul Junior, 136½, Lewiston, Me., won newspaper decision over Johnny Bellus, 135, New Haven, Conn. (10).

Pick of Ontario Thoroughbreds Go to Post Tomorrow in Canadian Classic

TORONTO — Headed by the favorite, Bunty Lawless, 16 horses were named today to start in the 79th running of the King's Plate at Woodbine Park tomorrow.

Seeking his third straight victory in the historic race, H. C. Hatch of Toronto entered Suffern and Caracole. Hatch won the race last year with Goldilocks and was victorious in 1936 with Monsweep.

The race, over a "mile-and-a-furlong," carries a \$7,500 added purse and 50 guineas donated by the King.

Grand Dame, a three-year-old black filly, was named to carry the brown and yellow colors of G. M. Hendrie of Hamilton. Aldwych, another favored filly, was entered by R. W. R. Cowie of Toronto.

Horses entered and owners follow: Sylcat and Tokay, J. E. Smallman, London; Wicklow, Riverdale Stable; Suffern and Caracole, H. C. Hatch, Toronto; Troublemaker and Tabmark, J. G. Fair, Brantford; Tabhim, P. Seagram, Waterloo, Ont.; Bunty Lawless, W. F. Orrissery, Toronto; Mona Belle, Cosgrave Stable, Toronto; Red Pirate and Bucharest, R. S. McLaughlin, Oshawa; Grand Dame, G. M. Hendrie, Hamilton; Thirty Below, J. H. New, Toronto; Cabin Gal, H. Giddings, Toronto; Aldwych, R. W. R. Cowie, Toronto.

Helen Moody in Another Final

SURBITON, Eng. — Margaret Lumb, British squash racquets star, eliminated Nancy Wynne, No. 1 Australian, 9-7, 7-5, in the semi-final round of the Surrey tennis championships today.

Miss Lumb will play Mrs. Helen Moody in the final. The American veteran defeated Peggy Scriven of England, 6-2, 5-7, 6-3, in her semi-final match.

PREDICTS WIN BY KNOCKOUT

Henry Armstrong's Manager Says Colored Boy Will Put Away Barney Ross

POMPTON LAKES, N.J. — While Henry Armstrong continued to take it easy at his training camp, his manager, Eddie Mead, issued a flat statement today that his boy would knock out Barney Ross when the two meet for Ross' welterweight title Thursday night.

"He'll do it in 10 or 11 rounds," said Mead. Henry's manager said he didn't believe Ross would be able to fathom Henry's bobbing, weaving style and that Ross, who fights by the clock and habitually puts out only in the last minute of each round, would have a tough time handling Henry in the first two minutes.

ROSS RESTS
GROSSING LAKE, N.Y. — Just a pound under the weight he figures to weigh in at, Barney Ross will rest today and resume ring workout for his welterweight title defence against Henry Armstrong, Saturday.

Ross weighed 141 yesterday after a fast workout in which he traveled two rounds each with Pete Cara and Pete Galiano. He has agreed to weigh 142 for the bout Thursday night.

The annual field sports of the Garrison scheduled at Work Point Barracks tomorrow have been postponed for one week, it was announced today.

Victoria Daily Times

Second Section Friday, May 20, 1938 SPORT

The articles of war were officially accepted by Joe Louis, shown putting his signature on the contract, and Max Schmeling, as the two heavyweights signed for their championship battle in Yankee Stadium, June 22. Max peers over at the proceedings as his future foe takes pen in hand, while Gen. John J. Phelan, chairman of the New York Boxing Commission, smiles his satisfaction.

CORINTHIANS WIN ANOTHER

Touring English Amateur Footballers Shut Out Regina 3 to 0

REGINA — Islington Corinthians scored the 64th victory of their world soccer tour here last night when they blanked Regina all-stars 3 to 0. The Corinthians have lost eight games and drawn 19.

After playing spirited football in the first half, the Regins fell away badly and Corinthians were in complete command in the second half. Only the stubborn Regina defence prevented them from running up a larger score.

The English amateurs led 2 to 0 at half time, thrilling a crowd of 1,500 on goals by Johnny Sheerwood and Jack Braithwaite. The Regins scored once in a goal-mouth scramble but the goal was disallowed for offside.

THREE LOCAL CLUBS ENTER

Victoria West, Victoria City and Esquimalt in Dominion Soccer Series

VANCOUVER (CP)—Sixteen teams were entered today in the Dominion soccer series in British Columbia, and play will start a week from tomorrow. Five of the teams listed when entries closed Tuesday were from Vancouver Island.

The British Columbia Soccer Commission refused the entry of Maccabees in the Vancouver and District League on grounds it had been filed too late.

Transfers for the competition opened today, and will close July 7. The five Vancouver Island teams will play three games, reducing their number to two. These will be entered in a draw with six mainland squads in the quarter-finals.

The first-round draw: Chinese students vs. St. Andrews; Kerrisdale vs. Royals; Viking vs. Radials; Excelsiors vs. St. Saviours; North Shore vs. Powell River; Service, bye.

Vancouver Island draw: Nanaimo Galahads vs. Cumberland; Victoria City vs. Victoria West; the winner of the latter match plays Esquimalt.

The Standings

Team	W	L	Pts.
New York	18	9	36
Chicago	16	12	32
Boston	15	13	30
Pittsburgh	13	12	26
Cincinnati	12	14	24
St. Louis	12	14	24
Philadelphia	11	16	22
Washington	10	17	20
San Francisco	9	18	18
Los Angeles	8	19	16
Oakland	7	20	14

Grads Ready For Second Challenge

Edmonton Hoop Squad Will Use Only Six Players Against Cleveland

EDMONTON—For the second straight time, Edmonton Grads intend to use only six players in meeting a challenge for the Underwood women's international basketball trophy, Coach J. Percy Page announced today.

Grads will have three other players on the sidelines, to be used sparingly, when they play Cleveland Fisher Foods in a best-of-five series, starting the night of May 24. The second game of the series will be played Thursday and the third Saturday. Dates for the fourth and fifth games will be set later if they are necessary.

Heien Northup, speedy little forward, injured a month ago when Grads won the Canadian title in a series with Toronto Conco, played for a few minutes when the Edmonton team held its final practice for the Cleveland series last night.

"Northup may get into one of the games if his leg continues to improve," Page said. "She scored two buckets in the practice game with the boy grads last night."

Frances Gordon and Betty Ross, members of Grads' farm team, will be carried for emergencies.

HAVE GIANT CENTRE
The Cleveland team, coached by "Barkie" Sanders, will bring eight players with them, topped by Frances Sobczak, a six foot one inch centre, and Margaret Teachout, almost as tall. Other members of the team, which will arrive here Monday, are Laura Mansfield, Florence Nothstine, Doris Traver, Margaret Fischlin, Bernice Korek and Flora Graham.

Women's champions in their home state, they were beaten by wide scores when they challenged Grads a year ago, but boast a record of 235 victories in 250 games. They dropped a two-game exhibition series to Chicago all-stars a month ago, losing both games by narrow margins.

For Chicago the games were a prep series before they challenged the Grads and were turned back in three straight games.

WRESTLING
Boston — Steve (Crusher) Casey, 225, Ireland, won by disqualification over Yvon Robert, 219, Montreal. (Robert disqualified when his manager jumped in the ring and attacked referee).

St. Louis—Dory Roche, 315, Decatur, Ill., threw young Frank Gotch, 200, Ohio, 19-29.

Chicago Cubs Start Moving In National

TWO CRICKET WINS MARKED

Gloucestershire and Surrey Victors in English County Fixtures

LONDON—Gloucestershire and Surrey recorded victories in English county cricket championship matches concluded yesterday—a day ahead of schedule. The western county defeated Kent by 169 runs and Surrey edged out Derbyshire by 68 runs.

Closing scores in first-class matches started Wednesday follow:

Gloucestershire, 221 and 208 for nine, declared (Emmett 51); Kent, 133 and 127 (Goddard six wickets for 50 runs, Sinfield four for 57); at Gillingham.

Surrey, 182 and 174 (Gregory 81, Rhodes five for 50); Derbyshire, 94 and 194 (Townsend 76, Brown five for 91); at the Oval.

Lancashire, 280 and 192 for four (Dodon 80, Washbrook 58); Middlesex, 267 (Compton 134, Pollard five for 71); at Lord's.

Worcestershire, 289 and 228 for nine (Buller 52); Hampshire, 217 (Hill 77, Martin six for 73); at Basingstoke.

Warwickshire, 301 and 131 for two (Croom 57 not out); Sussex, 389 (John Langridge 71, James Langridge 52, Holmes 107, C. Oakes 51); at Hove.

Australians 406 for six, declared (Brown 194 not out, Badcock 72); Northamptonshire, 139 for three (Nelson 74); at Northampton.

Yorkshire, 171 (Sutcliffe 82, Nichols seven for 62 and 33 for two); Essex, 131 (Smalles six for 59); at Sheffield.

Oxford University, 340; Leicestershire, 391 for seven (Dempster 187, Slierly 53); at Oxford.

Nottinghamshire, 397 for eight wickets (Lauwood 87 not out, Harris 86, Hardstaff 71, Knowles 71); vs. Cambridge University; at Cambridge.

SILVER KING KOENIG DEAD
ST. LOUIS — One of baseball's old-time favorites, Charles F. (Silver King) Koenig, ace hurler with St. Louis Browns of the American Association a half century ago, died here last night. In 1888, Koenig was credited with 44 victories in 65 games.

BIKE EVENTS FOR MAY 24
Motorcycle Club Plans Spectacular Programme at Willows Meet

Spectacular stunts, trick riding, polo and time trials by the Victoria Motorcycle Club will add to the spectacular nature of the major sports meet at the Willows on May 24 afternoon as members of that group join track and field performers and horsemen in a meet staged for the benefit of city hospitals and the Queen Alexandra Sanatorium.

The motor bike races will go through their routines both solo and with sidecars.

On the polo field riders of Harley Davidson will renew their feud with the Indians. The Indians won the last engagement at Duncan, following two straight defeats.

A T.T. course has been laid out at one end of the field and five of the more daring of the club's riders will compete in the event which last year saw three of the members go down in a roaring crash of machines.

In addition to the motorcycle events, a lengthy program of horse and foot racing events is listed.

Mrs. Helen Holm, British Champ

BURNHAM-ON-SEA, Eng. — Mrs. Helen Holm, Scottish internationalist, regained the British women's golf championship today.

Titleholder in 1934, Mrs. Holm defeated Elsie Corlett of England, 4 and 3, in the 36-hole final round of the 1938 tournament.

TITLE GOLF TO CONTINUE
Reach Final in Men's Championship at Uplands Club On Sunday

Quarter and semi-finals of the men's championship at the Uplands Golf Club will be played on Sunday. The 36-hole final is scheduled for May 29.

Sunday morning will see Harold Brynolfson, medalist and defending champion, go up against R. L. Challoner. The winner of this match will tackle the victor of the battle between Joe Barlow and R. Cran in the afternoon.

The draw and starting times follow:

Championship Final—Third Round
9.00—H. Brynolfson vs. R. L. Challoner.
9.05—Joe Barlow vs. R. Cran.
9.10—Vic Painter vs. G. Beveridge.
9.15—Ed Cunniffe vs. G. K. Verley.

First Flight—Second Round
9.20—R. W. Watson vs. A. E. Irish.
9.25—Fred W. Goodman vs. F. R. Moore.
9.30—D. Fletcher vs. J. R. Angus.
9.35—Art Chapman vs. E. Davis or E. V. McConnell.

Second Flight—Second Round
9.40—C. E. Glover vs. J. F. Jeffery.
9.45—E. H. Wood vs. T. Jeffery.
A. E. S. Warrington will play the winner of Glover vs. Jeffery. E. Brown will play the winner of Wood vs. Jeffery in the afternoon round.

Third Flight—Second Round
9.50—J. F. Foster vs. J. P. Porter.
9.55—G. H. Benson vs. Norman Baker.

BAYS DEFEAT TIMES SQUAD
Hand Newsies 14 to 8 Set-Back in Opening Junior Boxla Tussle

James Bay turned back Times Terriers, 14 to 8, yesterday evening at Victoria West Park to usher in the junior box lacrosse schedule. Although the score does not indicate it, last night's battle was keenly fought. A scoring spree in the second quarter paved the way to victory for the Bays.

The James Bay boys found the help for the only goal of the first session and piled a half dozen more in the following session to the Times' three to make the score read 7 to 3 at the half. The third period was closely contested with both teams notching a trio of goals, but in the final quarter the Bays outscored the newsies four goals to two to win by a good margin.

Ed Popham refereed. Teams follow: James Bay—Pritchard, Gillis 2, McCauley 2, McCready 3, Henry 3, Collis 1, Naylor 1, Sage, Barnes, Allah, Rhodes, Scott 2, Baxter and Brown.

Times Terriers—Davey, Bousfield, Prior, Ball 3, Horne 1, Sprinkling 1, Dabhy, Irish 1, Rundle, Coates 2, Baird, Evans, Elworthy and McKeachie.

TONIGHT'S GAMES
Junior League
Syracuse vs. Oakland, Royal Athletic Park; referee, Stan Ross.

Intermediate League
James Bay vs. Bluebirds, Victoria West Park; referees, C. Chapman and E. Popham. Face-offs at 6:15.

Teams follow: Syracuse — W. Smith, H. Parrott, A. Travis, B. Simpson, D. Simpson, R. Atherton, S. Hodgson, J. Knowles, D. Shubrooke, D. Hawkins, R. Simpson and G. Perkins.

James Bay — E. McKim, A. McKim, R. Clark, R. Mason, A. Culkin, E. Pridham, R. Winterburn, S. Clark, F. Sargent, B. McMillan, G. Southern, A. McDonald and W. Allen.

Bluebirds — Monk, Cumming, N. Coates, Holvoak, W. Williams, Bousfield, Pickford, Carter, Atkins, D. Coates, O'Connell, Williams, Gillis, Smith and Pickford.

Lee Defeats Giants In Tenth

Big Right-hander Makes Fine Pitching Comeback; Cleveland Regains Lead

Eight-inning Lee is 10-inning Bill now, and things are perking up for Charlie Grimm's galloping Cubs from Chicago.

It had been so long since Bill went the route that the folks were beginning to think he did not know there were nine innings in a ball game. Someone must have tipped him off yesterday, however, because he not only lasted the regulation distance, but added one inning for good measure and handed the Giants a 1 to 0 setback.

This victory set a lot of precedent for the 1938 season, but most of all it changed the folks' mind about Bill. In six previous starts this year, Lee has not lasted. In his last five trips to the post in 1937, the same situation prevailed.

But, after a streak of 11 times in which he failed to finish what he started, Bill's right arm looked as classy as ever. He pitched a five-hit job in his "comeback," didn't walk a man, and grew stronger and faster in his ninth inning.

OTHER FEATURES
While the Cubs' second-inning row over terrible Terry's lads was the big baseball news of the day, such other things were happening here and there as the return of Cleveland to the top of the American League; the second straight overtime victory for Boston's Bees over Pittsburgh Pirates, and the end of Boston Red Sox' eight-game winning streak, as well as the finish of their stay on the top of the American League.

The Pirates dropped a 4 to 3 decision to the Bees in 11 frames yesterday, which boosted Casey Stengel's boys, riding a five-game winning streak, into third place in the National League.

Back home after a costly road trip, the Indians are about-facing as usual. No matter how they totter around the circuit, they are always rough, tough and nasty in Cleveland. Yesterday they gassed the Washington Senators, 15 to 3. The Red Sox, after having won eight straight and taken over the pace, were blanked 4 to 0 by Johnny Whitehead and the Chicago White Sox in an abbreviated seven-inning affair, and dropped back to second.

Hugh (Losing Pitcher) Mulcahy fooled the boys and girls in Philadelphia by pitching the Phillies to a 5 to 4 win over Cincinnati. Brooklyn Dodgers trounced St. Louis Cardinals, 8 to 4.

Rudy York and Hank Greenberg each contributed a homer, and Detroit Tigers topped Philadelphia Athletics, 6 to 2. The New York Yankees and St. Louis Browns were rained out.

COAST LEAGUE
When St. Louis Cardinals refused to let the veteran Guy Bush take his regular turn on the mound he asked for his unconditional release—and got it. That's why the Los Angeles Angels in the Coast League defeated Seattle, 4 to 3.

The Angels gave Bush a \$5,000 bonus to desert the eastern battlefield and come west. Last Sunday he humped off a train, donned a Los Angeles uniform for the first game of a double-header and lost a pitching duel to Portland's Bill Thomas, 5 to 4.

It was a different story last night. He stopped Seattle hitters who had beaten the Angels twice in a row limiting them to seven hits and fanned five. He nipped two Seattle rallies in the bud and was himself credited with a sacrifice and a single.

Portland increased its league leadership to three full games by making it three in a row over the San Francisco Seals, 4 to 2. Hollywood and San Diego remained tied for second honors by each losing a game. Sacramento measured the Hollywood outfit, 8 to 2, and San Diego was on the short end of a slugfest with the Oakland A's, 8 to 7.

Four-way Tie For Lead In Softball

Race in A Section Tightens
Up; Saanich Construction
Suffer First Loss

Three teams scrambled up the ladder to share the lead in the A section pennant chase with Saanich Construction softballers yesterday evening when the suburbanites were the victims of an 11 to 9 defeat at the hands of Cameron Lumber Company at Hampton Road—their first setback this season.

In a four-way leadership tie along with the Saanich lads are Camerons, Hollywood Club and the Victoria Longshoremen. The latter two clubs also scored victories last night.

At the start of the Cameron-Saanich game it looked as though the lumbermen were headed for an easy triumph. The millhands started out with a stiff barrage of knocks to send six runners the distance in the first frame and two more in the following session, but after a scoreless third the Construction lads went into action in earnest. They got to pitcher Tommy Johnston for plenty of hits in this period, and the inning closed with the Saanich boys five runs closer to their opponents and Johnston leaving the mound.

McLellan was called in to stem the attacks, and although he got into trouble in two innings, managed to keep the constructionists on the small end of the score.

Score by innings:
Cameron Lumber.....11
Saanich Constructionists.....9
Batteries: Johnston, McLellan and Harris; Campbell and Paine.

LONGSHOREMEN WIN

The Victoria Longshoremen made it two victories for the week when they took the measure of Macdonald Electric, 10 to 4, at Reynolds Road. The freight jugglers sent a quartette of runners over the route in the first four innings and then added another four runs in the fifth to ice the game. The electricians started to get dangerous in the sixth frame and Manager Jim Laché decided to take no chances and placed Southpaw Ralph Bonner on the hillcock in favor of Bert Simpson.

Score by innings:
V. L. A.....11024101—10
Macdonald Elec. 00000301—4
Batteries: Simpson, Bonner and Dunnett; Nunn and Gray.

LOTS OF ERRORS

The most decisive victory of the evening was posted by Hollywood Club. The clubmen met Burns and Co., who literally paved their own way to defeat with a galaxy of errors. They fought it out at the Athletic Park and the final score read 29 to 3 for the clubmen.

The Hollywood men opened up with a five-run attack in the first frame and were never in any danger throughout. The southpaw offerings of Lloyd Jones were blasted for 20 bingles, and his teammates didn't help matters any with their numerous boos. Home runs were knocked by Bradley, Bishop and Price on the winning side, but as the game was so one-sided the fans couldn't work up much enthusiasm over the heavy hitting. Harold Price, Hollywood moundman, was got to for seven scattered safeties.

Score by innings:
Hollywood.....504403616—29
Burns and Co.....001020000—3
Batteries: Price and Berry; Jones and Caddell.

**Hamburg Paper
Attacks the U.S.**

BERLIN (AP)—The Hamburg Fremdenblatt yesterday editorially attacked the United States foreign policy under a headline which said "the U.S.A. is disturbing international relations."

"The meddling of the higher American government heads in the process of European developments repeatedly has given reason for serious public discussion in Germany," the newspaper said.

It ridiculed as "unwarranted" the recent speech of the United States Secretary of War, Harry H. Woodring, who told dictator-controlled nations that democracies might some day get enough of their provocations and resort to war.

Two out of every five persons killed in highway accidents are pedestrians.

**U.S. Loan For
Wheat Surplus**

Government Plans to Lend Upwards of \$120,000,000 to Steady Market

WASHINGTON (AP)—The United States administration intends to lend wheat producers \$120,000,000 to \$172,000,000 on their surplus grain this year.

Officials say the purpose of the loans is to keep surplus wheat off the market and thus prevent demoralization of prices.

President Roosevelt in a letter to Speaker Bankhead of the House yesterday asked for \$80,000 to finance government licensing and supervising of additional facilities for storage of the grain. He asked Congress to include this fund in a supplementary appropriation of \$1,030,000 for the Agriculture Department \$850,000 of which would be used to control insect pests and plant diseases.

Other officials said the new crop control law authorizes the Agriculture Department to make wheat loans which, under present conditions, could range from 60 to 86 cents a bushel—or \$120,000,000 to \$172,000,000 on 200,000,000 bushels.

Third Time Lucky?

Where Winter Comes
CAPE TOWN—Signs of winter a little earlier than usual caused an advanced opening of the Cape Horticultural Society flower show, which, despite conditions, proved a big success.

Quebec Fascist Heads Expelled

Chiefs of Plainclothes and
Contact Departments Fired
By Arcand

MONTREAL (CP)—Two leaders of the Fascist party in Quebec were expelled from the group last night along with several other members. J. E. Lessard, head of the "intelligence committee" of plainclothes Fascists, and Dr. J. G. Lambert, chief of the "contact committee" which seeks new members, said they were among those turned out.

Adrien Arcand, Quebec Fascist chief, signed an order for their expulsion which declared them guilty of "insubordination, infraction of the rules and insurrection against the 'structure of the party.'" His two lieutenants said they had been expelled because they protested against the supreme authority being vested in any one man, contrary to the constitution of the party.

While Arcand would give no details of the split, the dissidents claimed it revolved around his appointment of a party secretary for the province with "superior executive authority." This, they asserted, was contrary to a party rule providing for a secretary of nine committee heads to pass on orders from Arcand affecting policy.

Claiming considerable followers for themselves, Lambert and Lessard threatened an attempt to win all the party members to their side if the rupture were not healed.

PLANE THIEF SURRENDERS

Idaho Youth in Custody After
Wandering in Hills

PRESTON, Idaho (AP)—Roland (Red) Hall, 19, of Preston, sought throughout southeastern Idaho's rugged hills since the Tuesday morning theft of an airplane at Ogden, Utah, surrendered to officers today.

Suffering from badly frozen feet and weary from three days of hiking through rugged terrain, young Hall hobbled into McCammon, Idaho, last night.

He went to the home of a relative, who notified the youth's father in Preston.

State officer Mose Geddes said young Hall admitted he and Earl Gilbert, 23-year-old Idaho ex-convict, had stolen the plane from an Ogden hangar and later crashed into a grove of trees near Inkow, Idaho.

Both escaped injury, however, and fled into the hills. Days and nights of walking followed. The pair eluded poses, who encircled the mountainous sections between Inkow, Preston and Bancroft.

U.S. Loan For Wheat Surplus

Government Plans to Lend Upwards of \$120,000,000 to Steady Market

WASHINGTON (AP)—The United States administration intends to lend wheat producers \$120,000,000 to \$172,000,000 on their surplus grain this year.

Officials say the purpose of the loans is to keep surplus wheat off the market and thus prevent demoralization of prices.

President Roosevelt in a letter to Speaker Bankhead of the House yesterday asked for \$80,000 to finance government licensing and supervising of additional facilities for storage of the grain. He asked Congress to include this fund in a supplementary appropriation of \$1,030,000 for the Agriculture Department \$850,000 of which would be used to control insect pests and plant diseases.

Other officials said the new crop control law authorizes the Agriculture Department to make wheat loans which, under present conditions, could range from 60 to 86 cents a bushel—or \$120,000,000 to \$172,000,000 on 200,000,000 bushels.

Royal Arcanum Heads Installed

Officers of Majestic Council
1513, Royal Arcanum, were installed at the regular meeting which was held in the Elk's Hall. Bro. Tom Miller, Tacoma, Deputy Grand Regent for British Columbia and Washington, installed the following as officers: Regent, Douglas Flin-

troff; vice-regent, W. B. Murgatroyd; orator, R. B. Crombie; chaplain, S. L. Hole; guide, E. A. Estlin; warden, F. W. Watkins; sentry, H. J. Maddaford; collector, J. J. Stewart; secretary, D. W. Spence; treasurer, K. T. Hughes; trustees, E. S. Blair; Capt. A. Fraser, G. H. Brake.

Following the meeting the installation banquet was held. Past Regent G. A. Stevens gave a very good report on the work of the council during the past year. The toast to the order was proposed by Bro. D. R. Park and the response was made by Grand Regent C. W. Stocker. Bro. Tom Miller, Deputy Grand Regent's speech was very enlightening as to the program for the ensuing year. He also spoke very highly of Majestic Council in having recently won the degree team contest for the councils in the jurisdiction.

James McGrath, Bro. Harry Warburton and Bro. Doug. Park assisted in the entertainment and as a finale a play was given by the "Majestic Players" portray-

FALSE ALARMS GIVE PRACTICE

Twenty-three Fire Calls Received in Oak Bay and Only Four Genuine

A series of false alarms turned in at various hours during the day and night have kept the newly-organized Oak Bay Fire Department busy, according to Fire Chief E. G. Clayards in discussing the first month's operation of the department. Although the calls have given the firefighters good training, a search for the offender has been organized.

Of 23 calls received by the department 19 have been false alarms and although persons turning in bogus calls are subject to legal punishment, in this instance the calls have been of material assistance to the department. Chief Clayards has been keeping his crew steadily engaged in the routine training around the fire hall and as a result of the numerous alarms they have answered he reports they now respond like veteran firemen with maximum efficiency.

The development of the department is being keenly watched by Reeve R. R. Taylor and the members of the municipal council who visit the hall regularly and watch the firemen at their training.

FOUR HURT AS CARS COLLIDE

Four persons were injured, but none seriously, in a collision at Chandler Street and Richmond Avenue this morning when cars driven by Mary Godfrey, Telegraph Bay Road, and James Hepburn, 335 Foul Bay Road, were involved.

Miss Godfrey and her sister, Ellen, both suffered cuts about the legs, arms and head, while Mr. Hepburn received a cut knee. Mrs. H. B. Elworthy, 58 Howe Street, a passenger in the Hepburn car, had her lip cut.

First aid treatment was rendered the injured by Dr. Vernon Taylor, who was passing at the time, and Constable Alex. Briggs and Peris Atkinson, who attended with the police ambulance.

A wharf site at Fanny Bay, containing 92 acres, was reserved by the provincial government to the federal government for the works department.

TOWN TOPICS

Two motorists were fined \$2.50 each in the City Police Court this morning on charges of over-parking their cars.

The provincial government today approved the 1938 tax rate of Prince Rupert, a commissioned area, at 50 mills, the same as last year.

A no-park strip on the north side of Fort Street, near the Douglas Street intersection, is sought by S. S. Kresge Co. Ltd. in a letter received today at the City Hall.

Theft of a compressor and tank from an oil-refining plant on David Street, was reported to the city police this morning by J. H. Gray, 1035 Belmont Avenue, owner of the equipment.

A \$1,000 building permit was issued by the city building inspector's department today to M. D. A. Sjolander for completion of the apartment house at the corner of Rockland and Oak Bay Avenues.

A lecture will be given by Fred Spencer entitled "A Tour Through Present-day Europe," illustrated with colored moving pictures, at the Oak Bay Theatre Hall this evening at 8, under the auspices of the Oak Bay Liberals.

Adam Bell, Deputy Minister of Labor, and Robert Morrison, his assistant, left this week for Ottawa to attend a conference at which organization of an association of Canadian government labor officials will be discussed.

Appointments of Henry Jones of Salmo and Joseph Speakman of Castlegar as stipendiary magistrates were approved today by the provincial government. Resignation of Harry Smith of Alice Arm as a notary public was accepted.

Discovering that the government for some years has been maintaining the main road through Slocan City, although it was not an arterial highway, the provincial cabinet today rectified the situation by putting the road in this category.

The Y.M.C.A. summer camp committee met last evening and decided that the senior camp will be held from July 18 to August 1. The juniors will camp from August 1 to August 10. The "Y" camp is at Glitz Lake.

Seventeen-year-old Nicholas Lennox suffered a bruised thigh and shoulder and an ankle injury in an accident yesterday in which his bicycle was in collision with a car at the corner of Johnson and Government Streets. The car was reported driven by Harry Road, 517 Comerford Street. Dr. A. C. Sinclair attended Lennox at his home.

The Y.M.C.A. Athletic School will start its third week on Monday with lectures and demonstrations on backstroke swimming and broad jumping. Demonstrators for the swimming will be Don Davidson and Bob Smirle. Joe Addison, Doug Marsland and Owen Bentley will demonstrate the jump. The schedule for classes will be the same as last week.

As a result of injuries received yesterday morning in a logging accident at Camp Nine, Engelwood, Neil Moffatt, 23-year-old logger, died in Alert Bay Hospital yesterday afternoon, according to Provincial Police advisers. No details of the accident were received. Mr. Moffatt is survived by his father, E. L. Moffatt, at Perdue, Sask., and a sister, Marion, in Regina.

Jung Chong Bing, Chinese, convicted on March 1 on a charge of having unlawful possession of opium, surrendered himself before Magistrate Henry Hall in the Provincial Police Court this morning after losing his appeal on a stated case in the Supreme Court. The previous term of one year's imprisonment with a \$200 fine, or an additional two months, was confirmed by the court.

The Empress Taxi and Sight-seeing Company Limited was awarded \$109.90 in a judgment given by Judge H. H. Shandley in County Court yesterday afternoon. The award was made following hearing of the company's claim against John Irving O'Connell arising out of an automobile collision at the intersection of Humboldt and Blanshard Streets on January 22. The counter-claim of O'Connell for \$48 was dismissed.

Question over the responsibility ruling covering indigent hospital cases which have lived in the city and elsewhere during recent years, is raised in a letter from the Jubilee Hospital received at the City Hall today. The case in question is that of an elderly woman treated in the Jubilee since March 26, 1937. For a few months preceding her entry into the hospital, she resided in Victoria, having returned to this city following residence in Vancouver.

U.C.T. Delegates Welcomed To City

Two-day Convention, With Delegates From Many Cities, Opens at Empress

Delegates to the 40th annual session of the Grand Council, United Commercial Travelers of America, Washington, Oregon and British Columbia section, were officially welcomed to Victoria this morning by Alderman Stanley Okell, on behalf of Mayor McGavin and the City Council.

The opening ceremony was held in the lower lounge of the Empress Hotel and followed registration of the visitors. The convention brought about 200 visitors to the city for two days.

Reed Paige Clarke, consul at Victoria for the United States, sat on the platform, flanked by the Union Jack and the Stars and Stripes, with Alderman Okell and Roy C. Brown of Bellingham, Grand Councilor.

Alderman Okell, speaking briefly, said commercial travelers were the best medium of good-will between Canada and the United States.

NO DIFFERENCE

"At such gatherings as this we learn to understand each other the better," he said. "I have been in the United States many times, and really, I can't see any difference between us. In these troublous times there is no doubt that the Union Jack and the Stars and Stripes must stand together."

Following luncheon at Spencer's the delegates returned to the Empress Hotel for a Grand Council session, after which there will be a banquet, followed by entertainment.

The ladies of the party at noon today drove out to the Royal Colwood Golf and Country Club for luncheon as guests of local members of the United Commercial Travelers. Mrs. Webster presided and Mrs. Peggy Moore sang, accompanied by Mrs. Jamie Cameron.

Grand Council officers who will end their duties at this convention, in addition to Mr. Brown, are: Robert A. Duncan of Eugene, grand junior counselor; J. F. Hall of Tacoma, past grand counselor; W. L. Woodhouse of Victoria, grand conductor; Alex. Acheson of Vancouver, grand page; W. K. Walker of Seattle, grand sentinel; Owen R. Downey of Tacoma, acting grand secretary; R. M. Jacobson of Everett, grand treasurer, and R. W. Murdoch of Victoria, grand chaplain.

LOCAL COMMITTEES

Members of the Victoria Council No. 434 have worked hard to make the convention a success. It is the first held here in 11 years.

Various committees in charge of arrangements were as follows: General, Frank W. Wilfer, chairman; T. V. Veitch, A. E. James, Len Woodhouse, S. E. Winterbottom, R. W. Murdoch, E. G. Rowbottom, J. C. Dowds; finance, L. Woodhouse, chairman; R. W. Jamieson, F. H. Norton, A. E. James; entertainment, S. Winterbottom, chairman; W. W. Martin, G. E. R. Gurr, A. E. Bayliss, E. G. Rowbottom, L. M. McClellan; decorating, W. A. Burnett, chairman; V. C. Palmer, D. W. Webster, W. Schroeder, W. H. Newcombe, W. Hayward; publicity, Gordon McClure, chairman; F. A. Tadmam, J. C. Dowds, A. Dowell, L. M. Butler.

Registration, R. W. Jamieson, chairman; R. G. Wallace, A. Cochran, A. Allen; transportation, J. V. Johnson, chairman; W. S. Moore, W. J. Dyson, J. F. Cameron, W. A. Bayliss, E. G. Morley, R. M. Williams, E. G. Morley, R. M. Williams, E. G. Morley, W. Chisholm; reception, E. G. Rowbottom, chairman; W. A. Burnett, L. Woodhouse, V. C. Palmer, R. W. Murdoch, L. McClellan, H. Goulbourn, T. B. Vetch, J. V. Johnson, C. Briscoe, F. W. Wilfer; program, R. V. Jenkin.

The ladies' committees, composed of members of the U.C.T. Ladies' Auxiliary, were as follows: General convener, Mrs. W. Webster; registration, Mrs. James, Mrs. Johnson; transportation, Mrs. Murdoch, Mrs. Woodhouse; decoration, Mrs. McClure, Mrs. Martin; bridge, Mrs. Winterbottom, Mrs. Goulbourn; luncheon, Mrs. Rowbottom, Mrs. Webster; gifts, Mrs. Filbert, Mrs. Bayliss.

New York Amerks Player Is Here

Tommy Anderson, left winger of the New York Americans in the National Hockey League, arrived in Victoria this week. He will spend about three weeks here visiting friends in Gordon Head. Anderson will get together with the two Patrick boys, Lynn and Murray, during his stay here for some golf.

Duncan Hospital To Be Assisted

VANCOUVER (CP)—The annual meeting of the King's Daughters of British Columbia today was ready to spend \$600 to furnish a two-bed suite in the new wing of the King's Daughters Hospital at Duncan, Vancouver Island.

MORE SMALLER PARCELS SOLD

Big Increase in Number of Land Sales in City, Though Values Behind 1937

The number of properties sold in Victoria last month was just double that of April, 1937, but values lagged behind owing to two big deals put through in April last year.

Figures compiled by the city assessor-collector's department today showed April land sales to cover values amounting to \$105,009 against \$226,143 in the same month of 1937. During the latter, the Provincial Government purchased the old Christ Church Cathedral site and the Sayward building changed hands.

The number of sales, however, was seen as an encouraging sign by city officials. A total of 70 purchases were made last month, against 35 in April last year. The small deals were considered a good index of future home-building projects.

In addition to sales last month, ownership of property worth \$40,960 was transferred and \$19,555 worth changed hands through wills making a total of \$165,524. In April 1937 transfers amounted to \$86,876 and wills to \$66,365, which, with sales, totalled \$379,384.

To date this year actual sales amount to \$400,929 against \$443,190 for the first four months of 1937 and total changes in ownership this year cover values of \$764,293 against \$871,886 last year.

CANDIDATES IN WARD TWO

The Saanich School Board by-election campaign neared its close last night as six candidates for two seats to be filled in tomorrow's polling addressed a meeting in St. Mark's Hall, Ward Two, attended by about 50 ratepayers. C. H. Underwood was chairman.

The final meeting of the campaign will be held tonight in Hampton Hall, when Ward Seven taxpayers will hear the candidates.

Councillor E. C. Warren denied that he and Councillor Passmore, if elected, would give more thought to the financial than the educational side of school work, as had been suggested. They would seek the best education possible for the children.

R. G. Shanks claimed new blood and more young men were needed in Saanich municipal affairs.

J. W. Higham said, if elected, he would lend all his efforts toward development of utmost efficiency in administration of school affairs.

Councillor L. H. Passmore said if he was not elected with a majority over the combined totals of his two opponents he would not stand for re-election after his one-year term in the office.

W. A. Kettle said Nanaimo school board had had trouble since councillors gained seats on the board.

Strong opposition to councillors holding dual positions was expressed by W. J. Lynn.

Travelers At Welcome Lunch

United Commercial Travelers from both sides of the international boundary fraternized at luncheon today in Spencer's private dining-room, as one of the features of the two-day grand council session now being held in Victoria.

E. G. Rowbottom, Deputy Minister of Trade and Commerce, presided. Among those who were introduced and spoke briefly were Frank Wilfert of Victoria, who referred to the organization's 50th anniversary; Judge Mallory of Olympia, Robert Duncan of Eugene, Albert "Red" Martin, who, in reply to a question, said he left his House of David beard in "the cornfields of Iowa"; Harry McKelvie of Vancouver; George Dunne of Seattle, John Hall and George Armstrong, who has been attending grand council sessions for more than 25 years.

Community singing was enjoyed and the meeting was closed with the singing of "God Save the King" and "My Country 'Tis of Thee."

OBITUARIES

EDITH MAUD McCAIN

Rev. D. L. Jull officiated at the funeral of Mrs. Edith Maud McCain, held yesterday afternoon from the Thomson Funeral Home. Many sorrowing friends were present, and the casket was covered with beautiful floral tributes. The hymns sung were "Abide With Me" and "Peace, Perfect Peace." The remains were laid at rest in the Colwood Burial Park. The following were pallbearers: A. Blaney, S. Blaney, R. Blaney, F. Blaney, A. Williams and W. Bartlett.

GEORGE SIMON

George Simon, a resident of Victoria for 45 years, passed away this morning at the home of his son, Louis R. Simon, 1728 Carrick Street, aged 92 years. He was born in the Channel Islands and is survived by five sons, Ralph and Sidney in Vancouver, Albert in Tacoma, and Louis R. and Gerald Simon in this city; also 20 grandchildren and six great-grandchildren. Funeral arrangements will be announced later.

CHAS. J. L. G. NELSON

Funeral services for Charles J. L. G. Nelson, who passed away in his 100th year on Tuesday last, were held this morning in the Sands Mortuary Chapel. During the service, conducted by the Rev. Canon F. A. P. Chadwick, the congregation sang the hymns, "Rock of Ages" and "Jesus, Lover of My Soul." Many beautiful floral offerings surrounded the casket. The following acted as pallbearers: D. C. Moore, W. A. Patterson, W. A. Turner and G. H. Deane. The remains were laid at rest in the family plot in the Royal Oak Burial Park.

OLD-TIMER OF CITY PASSES

John McKenzie, Here 50 Years, Dies at His Home, Aged 92

After a residence in the city of 50 years, John McKenzie of 1449 Vining Street, passed away last night at his home, in his 92nd year. Despite his great age he retained his faculties and his active interest in affairs right to the end, and had been in good health till a few days ago.

Mr. McKenzie was born in Scotland, N.S., on October 5, 1846, and since coming to Victoria 50 years ago he made his home in the same house. During the early days here he was a harness maker.

He was active in Presbyterian Church affairs, being an elder and Sunday School superintendent of Knox Presbyterian Church for some years, later going to Belmont United Church where he served as an elder until advancing years precluded his active participation.

He is survived by his widow at the family residence; three sons, A. P. at Swift Current; Keefe, Courtenay, and Herbert, Vancouver; one daughter, Mrs. George Keltip, Vancouver and several grandchildren.

Funeral services will be held at McCall Bros. Funeral Home on Monday afternoon at 2. Rev. Bryce Wallace officiating. Place of interment will be announced later.

The annual agreement between the provincial and federal governments for upkeep of the Employment Service of Canada office was approved today by the B.C. cabinet.

WIN JUDGMENT ON STOCK DEAL

Judgment for \$96.25 and costs was awarded Christopher Ltd. by Judge H. H. Shandley in County Court today in an action against D. G. Heal, former client of the stock and bond-dealing firm.

The case arose over failure of Heal to produce stock certificates for a parcel of C. & E. shares sold on his instruction by the firm.

In order to cover delivery the firm was required to purchase an equivalent amount of the stock to secure the certificates. Action was taken to recover the money laid out in that transaction.

At today's hearing Walter Stipe, J. B. Speck, D. Hager and Miss K. Knapp testified for the plaintiff firm, which was represented by H. W. Davey. The defendant was not represented.

Atlantic Airmail
Flights In June

Plane Mercury Selected to Inaugurate England-Canada Service

By EDWIN JOHNSON
Canadian Press Staff Writer

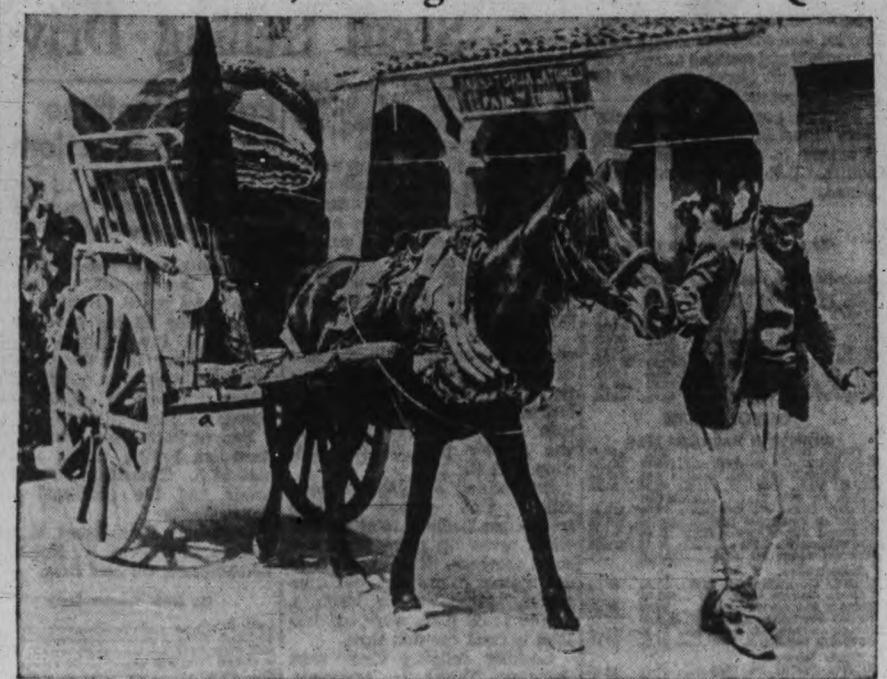

LONDON (CP)—Inauguration of the experimental trans-Atlantic airmail service, forerunner of regular air communications between the old and new worlds, is definitely on the books for late in June.

The craft that will essay the test, the appropriately named Mercury, is ready for the take-off the last week of next month. The ship, pay-load carrying component of the Maia "pick-a-back" craft, has undergone the most rigid tests over a period of months.

First, the mother ship, called Maia, roared into the sky with its burden to test the manoeuvrability of the locked planes in flight. Then came the more hazardous operation of separating the two units under full throttle in midair. The trials were described as a complete success.

Carrying a full Atlantic load of 20,000 pounds and 1,200 gallons of gasoline, the Mercury was launched from the Maia from a height of 3,000 feet, and after

Albanian Comes, Bearing Gifts --- From His Queen

Maybe it's just an old Albanian custom, but in any event the picture above proves that it pays to get married on the same day as the king. This aged Albanian is bearing gifts on his donkey cart for the 14 other couples who were married at Tirana on the wedding day of King Zog and Countess Geraldine Apponyi. The queen gave each of the brides a bed, a mattress, blankets and pillows, part of which are shown piled on the cart.

flying about for a while landed safely.

Under normal flying conditions, plus the usual margin for emergency, the 1,200 gallons would have been sufficient to carry the Mercury about 3,700 miles.

Capt. Donald Bennett, Australian flier, has been selected to pilot the Mercury on its maiden flight to Canada.

Germany, England Try Building
Airplanes From Synthetic Resin

GERMAN AND British aeronautical engineers, acting under the iron pressure of their nations' heavy aerial armament programs and their relative lack of light metals and airplane timber, are experimenting with the construction of airplanes from synthetic resins. It has been learned.

Experiments leading to the fabrication of entire wings, rudders, fuselages and other parts from plastic materials are under way in both nations.

No such development is being carried on the same scale in the United States. It is also learned, because of the relative abundance of light metals such as aluminum and its alloys.

An investigation conducted for the National Advisory Committee for Aeronautics at the National Bureau of Standards by Dr. G. M. Kline reveals, however, that plastics of the phenolic resin type appear to be a workable material from which airplanes can be fabricated. Phenolic resin is a material derived from carbolic acid.

Phenolic resins filled with wood strips as reinforcement compare favorably weight for weight with aluminum alloy, magnesium alloy, stainless steel and heat-treated chrome-molybdenum steel, and far surpass wood, Dr. Kline's survey indicates.

Little information of German activities in this direction is available. A number of British experimenters, including N. A. de Bruyne, G. de Havilland, E. P. King and C. C. Walker, have been attacking the problem for several years.

A plane whose basic parts were built as integral units from plastic materials was designed by Harry N. Atwood and successfully flown by Clarence Chamberlain, trans-Atlantic flier, in New Hampshire two-and-a-half years ago.

Development of synthetic plastics for other parts of airplanes has proceeded apace in this country, however. Compression and tension behaviour of phenolic resin reinforced with wood strips four to 12 one-thousandths of an inch thick compares favorably with the corresponding figures for more conventional materials, Dr. Kline

JOE E. BROWN
AT DOMINION

Famed Comedian Carries Leading Role in "Wide Open Faces"

There aren't many people as funny as Joe E. Brown can be when he puts his mind to it. And he really concentrates in his latest picture, Columbia's "Wide Open Faces," which started its local run at the Dominion Theatre today.

As a soda jerker, Joe is a scream. As an amateur detective, he's just too good to be true. At the beginning of the picture, Joe is the "Maitre D'Squirt" at the Willow Springs Drug Store. A notorious gangster in the person of Stanley Fields alights from a bus one day and asks Joe to drive him out to a deserted inn. Joe is just about to do so when G-men grab Fields.

Joe's supporting cast is swell. Lydia Roberti, Alison Skipworth, Jane Wyman, Alan Baxter, Lucien Littlefield, Berton Churchill, Barbara Pepper, Sidney Toler and Joseph Downing are truly high-grade performers who add much to the general gaiety.

Atlas Features
Shirley Temple

Famous Child Star Has Stellar Role in "Rebecca of Sunnybrook Farm"

All the hit-songs that Shirley Temple has sung during her nearly-four year career in pictures—from "The Good Ship Lollipop" to "Goodnight, My Love"—will be sung again by the curly-topped star in "Rebecca of Sunnybrook Farm," her new 20th Century-Fox picture, now at the Atlas Theatre.

Production Chief Darryl F. Zanuck's decision to include a comprehensive reprise number of Shirley's famous songs was spurred by numerous fan letters to the child star asking her to sing her famous songs again.

CAPITOL THEATRE

A new and different Robin Hood is the hero of "The Adventures of Robin Hood," the Warner Bros. Technicolor picture which is today at the Capitol Theatre. Errol Flynn, who was born to play the greatest adventurer of all time, has the title role.

ADVERTISE IN THE VICTORIA DAILY TIMES

CHOOSE
YOUR
SPOTS

One of the important features of newspaper advertising is flexibility. You can "choose your spots" to parallel your points of distribution. Naturally, you don't want to advertise where your goods are not for sale. But whether your have complete distribution throughout Canada or in only certain centres, the local daily newspapers can carry your sales messages effectively and economically to those people whom you are anxious to reach.

This advertisement was prepared for the Canadian Daily Newspapers Association by Consolidated Advertising Service Limited

In New Picture at Dominion

Jane Wyman and Joe E. Brown, in a scene from "Wide Open Faces," which is now at the Dominion Theatre.

These Stars Gild the Box Office

The controversy rages. Defenders of the glamour girls say the Independent Theatre Owners' Association is colossally wrong. But box office figures for last year show that the stars the public paid to see were the luminaries pictured above—and they weren't named as liabilities in the now famous advertisement. The box office leaders and their salaries:

1. Clark Gable, \$5,000 a week.
2. Shirley Temple, \$125,000 and bonus per picture.
3. Robert Taylor, \$5,000 a week.
4. William Powell, \$5,000 a week.
5. Jane Withers, \$2,500 a week.
6. Gary Cooper, \$150,000 a picture.
7. Bing Crosby, more than \$100,000 a picture.
8. Sonja Henie, \$100,000 a picture.

The stars are not listed according to their place in the box office sweepstakes—Miss Temple has led for the last three years. The dance team of Astaire and Rogers completed the first 10 turnstile champions.

EXPECT RUSH TO LEAVE B.C.

Vancouver Employment Service Branch Foresees Many Requests From Jobless

VANCOUVER (CP)—The Employment Service of Canada branch here, which is accepting requests from unemployed for transportation to their homes on the prairies and in eastern Canada, said today it believed there would shortly be a rush of applications from the 1,800 transients now in Vancouver.

"We think that as soon as the boys have an opportunity to turn the offer over in their minds, and get away from the influence of their leaders, they will jump at the opportunity to be sent home," one official said.

Earlier in the week Hon. George S. Pearson, British Columbia Labor Minister, announced the province would give no further relief assistance to single unemployed from other parts of Canada. He offered the 1,800 transients free transportation to their homes in the east.

Employment Service officials said 43 single men had applied for such transportation, and that 18 had been sent east already.

OTTAWA (CP)—Hon. Norman Rogers, Minister of Labor, sees no reason why single unemployed men in British Columbia should not return to their homes in other parts of Canada. During last winter work on forestry projects was provided for these men through joint arrangements between the Dominion and British Columbia governments.

A dispatch last night quoted Hon. George S. Pearson, British Columbia Labor Minister, as saying unemployed single men who entered British Columbia since last autumn would receive no more relief if they refused to accept free transportation to their homes.

Prairie city mayors objected to the men going to their municipalities.

Commenting on the situation, Mr. Rogers said:

"No possible exception could have been taken if these men had chosen to return to their homes at the close of their work in the forestry camps in British Columbia. There is equally no reason why they should not re-

Free Speech For All Advocated

VANCOUVER (CP)—The Canadian Civil Liberties Union was told last night by Dr. G. G. Sedgewick of the University of British Columbia faculty that 'Communists should have the same rights of free speech and assembly as anyone else.'

Dr. Sedgewick, who is head of the department of English at the U.B.C., said he was not a Communist, nor a Fascist, and that the union was not a Communist organization although its United States head was a Communist.

He urged the union to do all in its power to bring the Quebec padlock law before the Supreme Court of Canada for a ruling on its validity.

FREIGHT RATE CHANGE URGED

New Brunswick Tells Rowell Board Compensation Is Needed For Disadvantages

FREDERICTON (CP)—A "carefully-considered adjustment" of freight rates on traffic between New Brunswick and the rest of Canada was advocated before the Rowell Commission here today as a practical way of compensating the province for disadvantages it suffers from the tariff and present freight rate structure.

Such an adjustment would enable New Brunswick producers to gain easier access to Ontario and Quebec markets and would in turn relieve New Brunswick consumers of the excess prices they are now compelled to pay, contended W. P. Jones, government counsel.

He noted the Crown's West Pass rates entailed a loss of millions every year which was, he claimed, assumed by the Dominion.

Montreal Produce

MONTREAL (CP)—Canadian Commodity Exchange, Spot, Butter, Quebec fresh (25 lbs), 25¢; Butter, 200 Quebec fresh (25 lbs) at 25¢; 200 Quebec seconds (25 lbs) at 25¢.

Butter futures weak, 1/4 to 1/2 cent off; June, 25¢; July, 26¢; August, 26¢.

Wheat futures weak, 1/4 to 1/2 cent off; June, 25¢; July, 26¢; August, 26¢.

Winnipeg May Is Feature Wheat

WINNIPEG (CP)—Independent strength of Winnipeg May wheat featured quiet dealings today and materially aided in keeping July and October firm in late stages. Final quotations were 1 1/4 higher to 3/4 cent lower, May 1 1/4 to 1 1/2, July 1 1/4 and October 84 to 8 1/4 cents.

Prices moved irregularly in early stages after gains of as much as 1 1/4 cents were posted. Liverpool's failure to hold opening advances, light rains in sections of the southwest and more favorable growing conditions in western Canada were factors that induced early buyers to withdraw. Renewed demand for May wheat and scarcity of offerings bolstered prices later.

Liverpool closed 1/4 to 3/4 lower. Buenos Aires was steady and Chicago moved narrowly.

Cash wheat trade was dull with spreads unchanged except for No. 2 Durum which improved 1/2 cent. Coarse grains moved narrowly, until near the close, when July flax tumbled the 5-cent allowable limit. Only a few sales were encountered as flax finished 5 to 2 cents lower.

NEW YORK (AP)—Quiet buying in aircrafts and utilities helped halt an early selling drive in today's stock market.

In fairly active dealings at the start, leaders yielded fractions to more than a point. Offerings soon dried up, however, and a sprinkling of advances appeared.

Resistance displayed by copper in the morning, in the face of a more than expected reduction in the domestic price of the red metal, was a buoying influence. These issues, down slightly the greater part of the way, slipped at the last.

Brightening the general scene mildly was today's official freight car-loadings total for last week revealing more than seasonal increase. The upturn was due mainly to ore and coal shipments. Miscellaneous loadings, at the same time, were off less than normal for this time.

Lacking rallying vigor were American Telephone, Anaconda, American Smelting, Phelps Dodge, Allied Chemical, Johnson, Manville, Sears-Roebeck, International Harvester, Standard Oil of N.J., Amerasia, Phillips Petroleum and Westinghouse.

Better performers included Douglas Aircraft, Glenn L. Martin, United Aircraft, Western Union, Consolidated Edison, North American, Public Service of N.J., National Power

Strange Islands of the British Empire

V-WARFARE IN THE SOLOMON ISLANDS

The horrible custom known as "cannibalism" has existed in the Solomon Islands, also in Papua, for time untold. The white rulers of the islands have tried to wipe it out, and have succeeded to a large extent.

Yet we still hear of it now and then. Some of the tribesmen far from the coasts are hard to control, and are said to eat human flesh now and then. Most of the Solomon Island natives, however, are not cannibals at the present time. Many of them look on the custom with almost the same horror we have for it.

Victory dance of Solomon Island warriors.

Certain old war customs of the natives are amusing. When a war is about to start, they kill a pig and place it on an altar where it is burned. This is a sacrifice to the "ghost of war," made with the hope that it will bring them victory.

The warriors hold the tips of their spears in the smoke coming from the burning pig. They believe this makes the spears more deadly.

Lime and soapstone are rubbed over the faces and bodies of the warriors, and they put pieces of fern in their hair before they go forth to fight.

A war may be caused by the stealing of pigs, or canoes, by persons living in another village. It may also follow a "curse" placed on a chief by a wizard.

One contest between two villages is known as "the War of the Area Nut." A man from the place called Saa gave an area nut (probably poisoned) to the chief of Fagani. The chief chewed it, and died soon afterward.

As the man from Saa went homeward in a canoe with some friends, he was chased by warriors from Fagani. Two of those in the Saa canoe were killed. A dozen more lives were lost in fighting during later weeks.

Then the quarrel was patched up. The daughter of a chief on one side was married to a chief on the other side, and everyone seemed friendly again.

Battles in Solomon island wars have not been very bloody as a rule. Spears are hurled, and arrows are shot, but when one side shouts, "We've had enough!" the fighting ends.

Dancing and feasting take place in a village which wins a battle. Music is supplied from conch shells, flutes, gongs and rattles. There is also a good deal of singing.

Tomorrow: A Little Saturday Talk.

HOROSCOPE

"The stars incline, but do not compel."

Saturday, May 21, 1938

Benefic aspects dominate in the horoscope for today, according to astrology. It is a time for rest and recreation, outdoor exercise and home-seeking.

There is a sign of promise for real estate investment. Many persons will seek dwellings in the country and in small towns.

Labor comes under a more favorable direction of the stars. Architects will open new fields for builders. Drastic changes in house construction are presaged.

While this is a fortunate sway for whatever is progressive or encouraging to improvement of any sort, there should be wise conservation of resources. Those who borrow are under peculiarly unlucky aspects.

Radio now will come under a planetary government which may cause changes in the whole system of public service. Unusual inventions will be introduced and television will come into wider use.

Motion pictures as well as radio will engage in educational campaigns. Public opinion will be formed by mass appeals.

The late hours today should stimulate confidence in business affairs. The configuration favors courageous enterprise. Steel, iron, copper and other minerals will be in increased demand.

Good news is prognosticated.

Fritz Lang, DIRECTOR AND PRODUCER.

Capitalists and large taxpayers are to have cause for congratulation, owing to new governmental regulations.

Persons whose birthdate it is have the augury of a year of success through hard work. Surprising developments in long-cherished plans will be fortunate.

Children born on this day probably will be determined to the point of doggedness, courageous in promoting their careers and generally successful.

Glenn Curtis, airplane expert, was born on this day 1878. Others who have celebrated it as a birthday include Henry Disston, manufacturer, 1819; John Singleton Copley, English jurist and statesman, 1772.

Dorothy Dix's Letter Box

THE GREATEST MENACE to marriage is the philanderer. He is the headache and the heartache to millions of wives; the blight that turns life into cinders, ashes and dust for them; the problem which they can never solve because they can neither be happy with him nor without him.

If he was a villain who deliberately tortured his wife with his affairs with other women, she would know what to do about it. So she would if she knew that he had fallen deeply, passionately in love with some one else. But, as a general thing, the philanderer's infidelities have not even the dignity of tragedy. They are merely the amorous amusements of a man who has no depth of feeling or loyalty in him, and who could not be faithful to any one. He is a playboy who takes his pleasure where he finds it, as Mr. Kipling said, and who tires of his Lady Loves as quickly as he did of his wife.

Indeed, oftener than not, whatever of real affection he is capable of is given to his wife. He admires and respects her as he does no other woman. She remains his ideal through all his wanderings down the primrose path, and in the end, when, like Solomon, the greatest philanderer of them all, he is sick of love and wants to be stayed with flags and fed on apples, he comes back to her if she has camped on the hearthstone and kept the home fires burning.

Curiously enough and ironically enough, except for his weakness for petticoat-chasing, the philanderer is in many cases an ideal husband and father; amiable and pleasant to have around the houses, generous and kind. And not infrequently he is a great lover at home as well as abroad and lavishes on his wife the little attentions he uses in his pursuit of his latest girl friend.

P. M. Henry Dies At Seattle Home

Paul M. Henry, well-known Seattle yachtsman, who often sailed his auxiliary schooner Red Jacket to Victoria, died in Seattle Wednesday evening, according to word received here today by friends.

Mr. Henry was born in Minneapolis in 1880, the son of the late H. C. Henry, pioneer railroad builder of Seattle.

He was here in the summer of 1936, during the annual regatta of the Pacific International Yachting Association. He was commodore of the Seattle Yacht Club at that time and Red Jacket was flagship.

Funeral services were held this afternoon at his home in the Highlands, Seattle. Survivors include a widow, one daughter, Mrs. William Reed; a son, Paul M. Henry Jr., and a brother, Langdon C. Henry, all of Seattle.

Bid For British Tourist Business

OTTAWA (CP)—A bid for tourist traffic from the British Isles was being made by the Canadian Travel Bureau and \$25,000 has been spent on that experiment this year, Hon. C. D. Howe, Transport Minister, told the House of Commons yesterday.

Angler Dived To Recover Fish

LONG BEACH, Calif. (AP)—Charles A. Miller is one fisherman who doesn't give up easily. Just as he was about to flip a seven-pound spot-fish coarser up to the pier, the fish broke and the fish tumbled back into the ocean.

Miller dove into five feet of water, clothes and all, grabbed the fish and brought it ashore.

Ship Built Here In Air Dispute

Pan-American Vessel Trade
Wind Subject of Appeal to
U.S. Government

WASHINGTON (AP)—United States House of Representatives acted quickly today to clear a Pan-American Airways supply ship from Honolulu to Wake and Midway Islands, and prevent the possibility the company might have to suspend its trans-Pacific service because the ship was built in Canada.

The House merchant marine committee reported a bill to exempt the islands from an existing statute prohibiting the use of foreign built ships in domestic service. The House passed the measure and sent it to the Senate.

J. E. Younge, Pan-American attorney, told the committee the existing restriction was holding the company's Trade Wind, a Canadian-built vessel, in Honolulu. He said trans-Pacific service might be halted in two weeks if supplies on the ship did not reach company bases in the islands. The Trade Wind had cleared originally from Seattle, her owners apparently unaware of the time of the maritime restriction, Younge said.

The Trade Wind was formerly the schooner Vancouver, built 19 years ago at the Chulberg Shipyard in Victoria.

RIPPLE ROCK UP IN HOUSE

Federal Transport Minister
Questioned By Member On
Its Removal

OTTAWA (CP)—Hon. C. D. Howe, transport minister, told Howard Green (Conservative, Vancouver South), in the House of Commons yesterday he was unable to say if work would start this season on removal of Ripple Rock in Seymour Narrows, between the southern Vancouver Island and the B.C. mainland.

Removal of the rock has been suggested many times in recent years as an aid to navigations. It would cost \$500,000.

Pilots' Lookout

Erria passed out for Copenhagen, midnight.
Molja, passed out from Vancouver, 1.30 a.m.

Merchant Royal, passed for Fraser River, 11.30 a.m.
Tiltington, Court, passed for Vancouver, 2.30 p.m.

Anglo-African, expected for Victoria loading, midnight.

Early U.S. Navy Building Urged

Start of Work on 12 Ships,
Dirigible and Masquito
Fleet Is Advocated

WASHINGTON (AP)—An immediate appropriation for 12 ships, a dirigible and a "mosquito" fleet, authorized by the United States \$1,000,000,000 Naval Expansion Act, was advocated today by Chairman Vinson of the House of Representatives naval committee.

The vessels include two light cruisers and a 20,000-ton aircraft carrier. The other nine are auxiliary ships—the category in which the navy is most deficient. Mr. Vinson, who conferred with President Roosevelt about the naval program yesterday, said he wanted funds to start construction placed in a deficiency appropriation bill, now pending in the House subcommittee.

Only \$16,000,000 would be needed at the outset, he said. Unofficial navy estimates, based on present costs for similar construction, placed the ultimate cost of the sea craft and airships at upwards of \$114,000,000.

Transport Bill Hearing Public

Measure to Be Considered in
Detail By M.P.'s; All Witnesses Heard

OTTAWA (CP)—Hearing of witnesses concluded, the railway committee of the House of Commons now will consider the government's Transport Bill clause by clause. The committee decided yesterday that phase of its activities should be public.

The bill would re-establish the Board of Railway Commissioners as the Board of Transport Commissioners, "with authority in respect of transport by railways, ships and aircrafts."

Contentious feature of the bill has been that providing for the innovation in Canada of "agreed charges." These are freight rates reached by agreement between the individual shipper and the railways and were used first in France and Great Britain as a weapon to enable the railways to meet motor truck competition. Generally under "agreed charges" systems the railways can lay down the conditions on which they will be granted to shippers.

The Ontario Automotive Transport Association, the Canadian Chamber of Commerce and representative of the smaller companies operating tramp steamers on the Great Lakes have opposed the bill in committee. It has been supported by the steam railways and by representatives of railway unions.

Port Revenues Show Increase

OTTAWA (CP)—Each of the seven ports administered by the National Harbors Board in 1937 improved its financial position, it was reported to the House of Commons yesterday by Hon. C. D. Howe, transport minister. Operating revenues increased from \$7,427,454 in 1935, the last year the ports were handled by local boards, to \$8,262,221, betterment of 11 per cent, under the Harbors Board. Operating expenditures decreased from \$4,975,755 to \$4,268,675, betterment of 14 per cent.

This left the net operating income of the ports \$3,993,546 in 1937 and \$2,451,699 in 1935, improvement of 62 per cent. Despite this, when allowance was made for depreciation and interest, the ports had a net income deficit of \$5,500,000, which the revised harbor rates, which went into effect a few weeks ago, are designed to improve.

Vancouver reported a surplus of \$926,818 in 1937 compared with \$800,490 in 1935, while Vancouver Second Narrows Bridge figures were surplus of \$102,288 against \$42,055.

Luxury Liner Smouldering Hulk

Lafayette, 25,000-ton French Line motorship, is here seen burning in drydock at LeHavre, France. When an engineer attempted to light one of her oil burners, the fire blazed back into the Lafayette's oil tanks and in a few moments the ship was in flames. The entire fire-fighting force of LeHavre could not bring the fire under control.

Around the Docks

GOES TO MONTREAL

Capt. R. W. McMurray, manager of the British Columbia Coast Service, who recently returned to the city from a trip to southern California with Mrs. McMurray, left again Tuesday night for Montreal to confer with the head official of the Canadian Pacific Railway.

VISITING GANGES

Col. A. W. R. Wilby, local agent for the department of transport, is on Salt Spring Island today in connection with the navigation aid at Ganges Harbor.

LUMBER SHIP DUE

Second lumber ship to arrive in port this week will be the Anglo-African which is due to make quarantine at midnight from sea, according to King Bros., local agents.

The ship is booked to come to her berth at the Canadian National docks first thing tomorrow morning to load lumber for Australia.

The freighter Cape Horn, according to the local pilots, left Cowichan Bay yesterday afternoon at 4 for Port Alberni.

AORANGI INBOUND

Canadian-Australasian motorliner Aorangi, Capt. Thomas V. Hill, which sailed from Auckland, New Zealand, May 17, is bringing in a large list of passengers from Australia and New Zealand.

The motorliner is scheduled to reach Victoria June 3, but will probably arrive on the evening of June 2.

ORIENT VISITORS

A number of summer visitors from the Orient, who arrived by the N.Y.K. liner Helan Maru, have arrived in Victoria from Vancouver, where they disembarked earlier in the week.

They include Dr. and Mrs. Alan Richardson of Shanghai, who make a practice of coming here every summer; Thomas P. Cochran, prominent in financial circles in the Far East, from Kobe; Mr. and Mrs. Charles H. Mahon and their two daughters, Joyce and Marjorie, the former being registrar and statistician with the Shanghai Municipal Council health department, and Herbert Booth, a retired merchant of Shanghai.

GIVENCHY TO REPAIR

Dominion fishery steamer Givenchy arrived at the Victoria Machinery Depot this morning for her annual overhaul. She will be at the upper harbor plant for about ten days.

The work to be done on the Givenchy, it was stated at the plant today, includes engine overhaul and general repairs.

OUT DURING NIGHT

Making a quick turn-around at B.C. ports, Danish East Asiatic Line motorship Erria passed out to sea from Vancouver and New Westminster at midnight.

Her B.C. freight included 700 tons of metal, 500 tons of barley and 100 tons of general. The Erria also has 14 passengers aboard. En route to Copenhagen she will touch at Kingston, St. Thomas, London, Rotterdam, Hull and Gothenburg.

Japan Training Ship On Cruise

Nippon Maru Expected to
Reach Seattle From Tokyo
June 14

SEATTLE—Japanese merchant marine training ship Nippon Maru, rigged as a four-masted bark, will arrive in Seattle from Tokyo, June 14.

Nippon Maru sailed from Tokyo May 2 with 14 officers, 38 cadets and a crew of 44 aboard. The vessel will be in Seattle Harbor eight days and will sail June 22 for Honolulu, arriving there July 19 and leaving the Hawaiian port July 24 for Tokyo, where she is due September 4.

Word that the Nippon Maru is coming was received from Capt. T. Osada, the vessel's commander, a former N.Y.K. master.

Nippon Maru has on board students from several Japanese nautical schools who will be given the intensive training of working the ship across the Pacific under sail.

When the first N.Y.K. ship, the Milke Maru, entered Elliott Bay in 1896 her officers were nearly all Europeans. It was not many years, however, before Japan founded nautical schools for the training of her merchant seamen. In order that they may be schooled in sail as well as in steam and motor vessels, the Japanese government maintains two "wind" ships, the Nippon Maru and Kaiwo Maru, in addition to the Taisei Maru of the Tokio Nautical Training School.

BIGGER WHEAT TRAFFIC SEEN

Larger Movement By Way
of B.C. Coast This Year,
Says Howe

OTTAWA (CP)—Hon. C. D. Howe, Minister of Transport, declared in the House of Commons last night that Vancouver could expect a big grain movement this year. One of the main reasons why that port handled so little grain last year, the minister told Howard C. Green, Conservative, Vancouver South, was the small crop in Alberta and Saskatchewan.

Mr. Green suggested a local advisory committee for the port of Vancouver which could plan future developments and determine why the grain movement was increasing through eastern ports and decreasing in the west.

Montreal and other St. Lawrence ports suffered just the same as Vancouver last year, Mr. Howe said. He hoped this year there would be enough grain for all ports to show an increase.

In replying to charges by W. A. Walsh, Conservative, Mount Royal, that a change in collection of elevator charges would drive grain business from Montreal to United States ports and put an additional charge on producers, Mr. Howe said the situation was unchanged and shipping from Montreal this year was well in advance of the same period in 1937.

Mr. Howe said the change would not be operative until the St. Lawrence season of 1939, by which time new ocean rates would be so adjusted as to enable the shippers instead of the vessels to pay the \$4 elevator charge. "All this crucifixion of brokers we hear so much about just didn't happen," the minister declared.

"I think every interested party will say conditions are better now than before," the minister said. There had been no diversion of grain shipments from Montreal to United States ports, but some 80,000,000 bushels of United States corn was being shipped through St. Lawrence ports this season.

E. E. Perley, Conservative, Qu'Appelle, Sask., said it was not "What various charges for transport were levied on wheat, the farmer paid them all. Until ocean-going grain carriers could take the wheat from the head of the Great Lakes, the farmers would never know where the charges went."

The harbor board item then was passed.

Steam Drifters To Be Replaced

British Fishermen Encouraged
to Use More Economical
Motorboats

By GEORGE HAMBLETON
Canadian Press Staff Writer
LONDON (CP Cable)—The steam drifter for herring fishing has seen the best of its days.

Under a government bill, the second reading of which was moved in the House of Commons yesterday, fishermen are encouraged to turn to motorboats as cheaper in both cost and upkeep.

Herring fishermen investing in new motors, costing approximately \$3,000 (\$15,000), will receive a maximum grant of one-third the cost. Grants will not be available for purchase of new steam drifters.

The British herring industry has been hit by the fall in export trade. Continental countries, which previously imported immense quantities of cured herring, are now developing home supplies. Since 1929 Germany has quadrupled home production.
